Dr Hari Parkash
Director General
I.T.S Group of Dental Institutions

Dr Hari Parkash is the Director General of I.T.S Group of Dental Institutions. He retired as Chief, Centre for Dental Education and Research at All India Institute of Medical Sciences (AIIMS), New Delhi, where he served for a period of 36 years. He has experience of more than 45 years in teaching Under Graduates and Post Graduates, patient care and research. He has more than 265 research papers to his credit in various national and international journals. He has written a book entitled Dental Ethics-An Indian Perspective, which is an official publication of Dental Council of India. He has made numerous presentations and held workshops, conferences, symposiums, nationally and internationally. He has undertaken various research projects with financial assistance from ICMR, Govt. Of India,WHO, UPSC etc. He has been conferred the Honorary fellowship in Dental surgery of Royal college of Physicians & Surgeons, Glasgow. He is the recipient of many awards and has been awarded the life time achievement award by the Indian Dental association.

Dr. P.B. Sood
Principal
I.T.S Dental College, Ghaziabad

Dr. P.B. Sood completed BDS from the Dental Wing, Medical College, Trivandrum in 1975 and MDS in Pedodontics from PGIMER, Chandigarh in 1979. Dr.Sood has academic experience of more than 23 years at undergraduate and postgraduate levels and has many publications in national and international journals to his credit. He has made contribution to various text books of Pediatric Dentistry and Pedodontics. He served as the President of the Indian Society of Pedodontics and Preventive Dentistry and is also a life member of the Indian Dental Association, Indian Society of Pedodontics and Preventive Dentistry (ISPPD). He has also been awarded the "Star Pedodontist" by Indian Society of Pedodontics and Preventive Dentistry (ISPPD). He is a member of the International Association for Dental Research and an affiliated member of the American Dental Association (ADA).

Dr. Devi Charan Shetty
Vice-Principal (U.G.)
I.T.S Dental College, Ghaziabad

Dr. Devi Charan Shetty has graduated from Karnataka University in the 1995 year and completed his masters in Oral & Maxillofacial Pathology & Microbiology from Mangalore University in 1998 year. He has been an academician with an incline towards research from the start of his career. He has been the Head of department in various prime dental institutes. Scientific forums in many fields of dentistry have honored him by their invitation as a guest speaker for scientific deliberations and panel consultant for discussions on dental diseases associated with various tobacco and areca habits. He is an active member of Indian Association of Oral & Maxillofacial Pathology & Microbiology. He has more than forty national and international publications to his credit. Many CDE programmes, conferences & cultural events have been crafted to great success by his stewardship. In addition to research activities, undergraduate students are motivated to participate in various workshops, conferences and cultural activities with his constant guidance. He makes the students at the I.T.S campus feel more at home by his interactions and his constant presence. Academics with extra – curricular activities help mould a student to be a better citizen this has been his principle towards the student.

Prof Dr Anmol S Kalha, the Director of Post Graduate Studies has a global career in Dental Education, Practice and research spanning over 36 years. Having served around the world with distinction with the Indian Armed Forces for over 2 decades, he moved into full time academics and has been responsible for setting up globally recognized postgraduate programs in orthodontics and oral health sciences. He has published extensively in international literature, is on the editorial board of several international journals and is into joint collaborative research in USA, UK and Australia. He is a strong proponent of the concept of Evidence Based Dentistry and was responsible for setting up the first centre in SE Asia in 2000. He has been actively involved in various projects of the DCI, is licensed by the ministry of health in Dubai and also is a senior Consultant and Advisor to the Max Healthcare group in Delhi. He is a much sought after speaker on the international circuit and has lectured and taught extensively in USA, UK, Europe, Western Asia, Australia, New Zealand. He is an invited Faculty at Leeds Dental Institute UK and a visiting professor at the University of Health Sciences, Phnom Penh, Cambodia.

Prof. Anmol S. Kalha
Director - P.G. Studies
I.T.S Dental College, Greater Noida

Prof. Dr. Puneet Ahuja
Principal
I.T.S Dental College, Greater Noida

The College is headed by the Principal, Professor and Head, Oral & Maxillofacial Pathology & Microbiology, **Dr. Puneet Ahuja**. He has been involved in active teaching and administration in dental education and research for more than 20 years at premier dental institutes of India. Dr. Ahuja has groomed scores of graduates in this field of specialization and takes a keen interest in scientific and co-curricular activities. He has served as Vice President of the Indian Association of Oral & Maxillofacial Pathologists for 3 years and is the Hon. Secretary of Indian Dental Association, Noida Branch. Dr. Ahuja has several International/ National Publications to his credit and has been a speaker / panelist / chairperson at various National Conferences. His areas of interest include "Oral Cancer & Precancer", "Soft Tissue Lesions, and "Skills in Human Resource Management". His mission is to educate students as globally acclaimed dentists with sound knowledge and clinical acumen; to generate scholars with qualities and characteristics required of leaders of tomorrow and responsible citizens.

NAAC Accreditation

I.T.S-CDSR, Muradnagar has been 'A' graded by the National Assessment and Accreditation Council (NAAC). NAAC inspection was conducted from 15th-17th March, 2012 by the panel of inspectors from the head office Bangalore. Eminent dental professionals were amongst the panel of inspectors. The students also showcased their extra curricular activities during the inspection as a low profile cultural fest. Inspectors were highly impressed with the overall functioning of the college and the atmosphere for the overall development of the students.

I.T.S Dental College, Ghaziabad

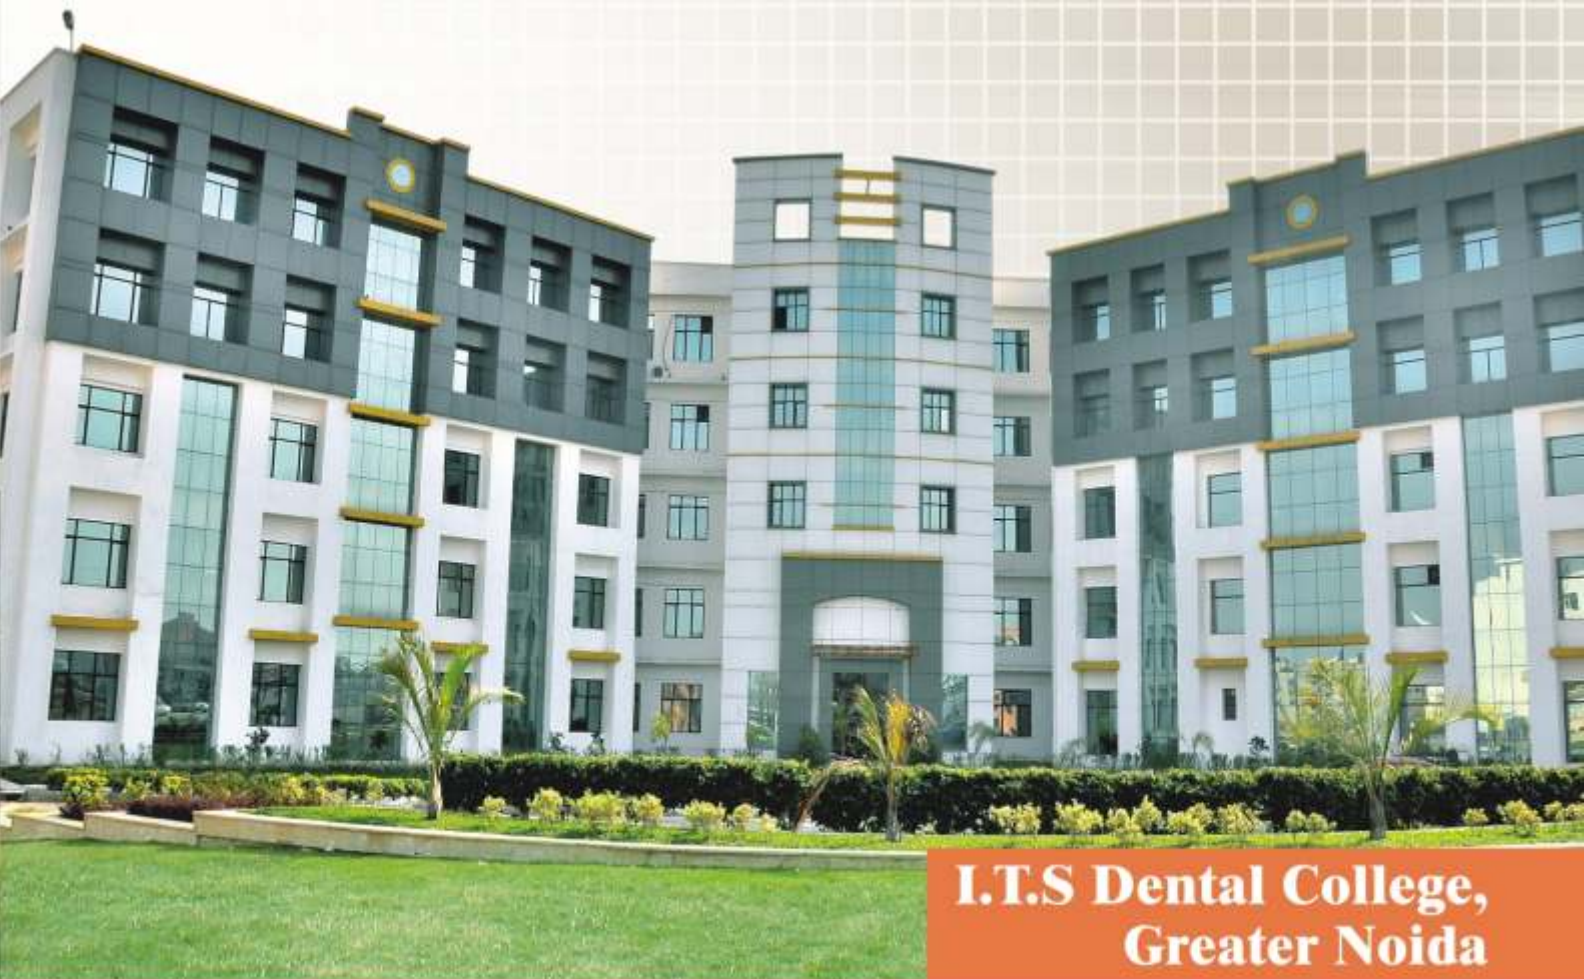

The College

I.T.S Centre for Dental Studies & Research, Murad Nagar was established in the year 2000 and is a proud member of the I.T.S - The Education Group under the aegis of Durga charitable Society which was established in the year 1995, with the prime objective of providing quality health facilities and education to the vast majority of population in the Delhi NCR region. The College continues to build on its trusted reputation as a premier health institution and is presently imparting its objectives of health as well as education in the region of national capital of India. The college has added a new feather to its already well decorated cap by being awarded the 'A' Grade by the National Assessment and Accreditation Council. The College provides holistic health care to the society with a vision which has the trademark of quality and care established by the group. It is located on Delhi-Meerut road, Muradnagar, Ghaziabad, barely 22 kms from ISBT, Delhi. The Bachelor of Dental Surgery (B.D.S) course is recognized by the Dental Council of India and Ministry of Health and Family Welfare vide letter No. V-12017/15/2000-PMS dated 5.7.2005 and is affiliated to Ch. Charan Singh University, Meerut.

College OPD

The Out Patient Department (OPD) is the lifeline of any education institute and the college boasts of a daily OPD of more than 700-750 patients. The college is surrounded by a number of villages, which provide the essential clinical material vital for training in the field of life sciences and in turn the health care is provided to both the rural and urban population. Students are exposed to wide variety of cases to further enhance their academic skills. The OPD is fully functional with state-of-the-art equipment for diagnosis and treatment. With sufficient OPD attendance and good responses to camps, the college is providing a sufficient number of patients with a variety of clinical material to its students.

I.T.S Dental College, Greater Noida

The College

I.T.S Dental College, Hospital & Research Centre, Greater Noida was established in the year 2006. It is situated amidst the picturesque National Capital Region (NCR) in the heart of Greater Noida, 25 kms from New Delhi. The Bachelor of Dental Surgery (B.D.S) Course is recognized by the Dental Council of India and Ministry of Health & Family Welfare vide letter No. V-12017/66/2005-DE dated 12 October 2011. The College is affiliated to Ch. Charan Singh University, Meerut. The College is the fastest growing educational institute in Northern India. The College utilizes the skills and experience of outstanding faculty, staff and students who share the passion in creating an institution known for its excellence and integrity. The college believes in blending tradition with neo realities, and lays emphasis on four cardinal tenets i.e. Academic Rigour, Practical/Clinical Application, Advanced Technology, High Ethical Standards. The College has started the Master of Dental Surgery (MDS) Course with 3 seats each in all the nine specialities of Dentistry from the academic year 2012.

College OPD

Clinical exposure is the most important milestone for the budding dentists future and thus a robust OPD is a prime requisite. The OPD is equipped with state-of-the-art equipment for diagnosis & treatment. At I.T.S, Greater Noida we boast of a daily OPD of over 350-400 patients. The required clinical material so vital for training in the field of life Sciences is due to the fact that the college is strategically located amidst a growing urban and rural populace. Our paramount aim and goal at I.T.S is not only to serve the affluent but also the poor and needy of the region. The college regularly conducts camps at schools, colleges, villages and also in collaboration with various Resident Welfare Associations.

COMMON FACILITIES SEPARATELY AVAILABLE AT BOTH COLLEGES

MURADNAGAR

GREATER NOIDA

100 Bedded General Hospital

“Hospitals must provide emergency treatment to all who walk through the door, regardless of their citizenship status or ability to pay.”

Keeping this adage in mind and for the purposes of teaching allied medical subjects like General Medicine and General Surgery, both the colleges have established a separate 100 bedded multi-speciality

hospital within the college campus. The hospital provides OPD as well as I.P.D facilities for treatment modalities in all the specialities of medicine. It has a fully functional O.T and provides 24 hours emergency service. The chemist store is open 24 hours 7 days a week. 30% of the beds are reserved for poor and needy. The hospital is run by highly qualified and efficient team of doctors who are totally committed to their profession and their patients. Apart from the specialties of Medicine and Surgery, the hospital also boasts of facilities like Pediatrics, Neurology, Gynaecology, Orthopaedics, ENT and Ophthalmology.

Central Library

“A library is the delivery room for the birth of ideas, a place where history comes to life.”

The library plays a major role in encouraging and enriching the academic environment in any institution. We at I.T.S have high allocation of budget for procuring the books in the world of Medicine. Emphasis is placed on students having the choice of varied selection for every area of study. The library is enriched with a wide range of international and

Collaboration with

Foreign Universities

with international standards. We are also running a joint project with Tufts University, Boston to facilitate mutual sharing of knowledge through a student exchange program. This is an effort to broaden our perspective and enhance dental education at par

with international standards. We are also running a joint project with Tufts University, USA. The College at Greater Noida has a tie-up with University of Leeds (U.K.) for student exchange programme. Dr. Michael Matthews from Leeds University had recently delivered the first exchange programme address to the students at our campus.

Satellite Clinics

The I.T.S Centre for Dental Studies and research has established three satellite clinics at the adjoining areas where diagnosis and treatment of dental diseases are done to facilitate Comprehensive Basic Dental care. The clinics are located at Ordnance Factory, Sanjay Nagar, Dasna Jail. The I.T.S Dental College, Greater Noida has established three clinics at village Ghodi Baccheda, Kasna and NOIDA. A faculty member is posted permanently in these centres along with the interns and post graduates on rotation basis.

national journals and books of repute in all the branches of dentistry and other life sciences subjects. In addition to this, the college has also made available separate departmental libraries in all the departments for ready reference purposes. The library has an adequate seating capacity with a separate section for faculty and P.G students and is fully computerized with bar coding facility. All the departments of the college are connected with Local Area Networking (LAN) with an added facility for online journals in the field of medicine and dentistry. The library also subscribes to online journals which are accessible at departmental libraries. In addition there is an I.T Lab providing online access to keep abreast with the recent information available on internet.

Dental Camps

Oral health is an integral part of general health. Being the premier institute in the Northern India, both the colleges have made efforts through the department of Community Dentistry to organise dental health camps at far- flung villages and small townships. In dental camp examinations, health education, professional oral hygiene instructions, fluoride treatment, silver fillings, oral prophylaxis, extractions and other minor oral surgical procedures are carried out. Moreover selected patients are referred to the college for speciality treatment with free transportation (to and fro). Free medication is also provided to the camp patients.

Air Conditioned Lecture theatres

The college has air conditioned lecture halls equipped with L.C.D projectors, interactive boards, computer and other audio- visual aids with a seating capacity of 110 students each. The faculty utilizes the modern teaching aids to make the lectures more informative and interactive. There are separate audio visual / seminar rooms with independent aids such as projection microscopes and slide projectors.

Hostels

Both the colleges have separate hostels for boys and girls situated in the college campus. Hostels are well equipped with the basic amenities required for the comfortable stay of the students. The rooms are spacious, fully furnished and well ventilated. The rooms have box type beds, study tables and cupboards for individual students. The common room caters to recreational facilities like T.V, Table tennis table, and a section for reading. There is a female resident warden for the girl's hostel and a male resident warden for the boy's hostel. Considering the concept of "A healthy mind lives in a Healthy body" students are provided not only a balanced and hygienic diet in a hygienic mess.

Bachelor of Dental Surgery (BDS)

Course / Eligibility / Examination

The course of Bachelor of Dental Surgery is of 4 years with 1 year of compulsory rotatory internship. The candidate must have completed the age of 17 years on or before 31st December of the year of admissions to the BDS course. The student must have obtained 50% marks in the subjects of Physics, Chemistry, and Biology and must have qualifying marks in English. For SC, ST, or OBC Candidates the minimum marks should be 40%. Admissions are done through a Competitive Entrance Examination.

The student shall be allowed to appear in the university examination on the following basis:

- The student must have 75% attendance individually in Theory, Practical and Clinical in each year.
- Any student, who does not clear the first BDS University Examination in all subjects within 3 years from the date of admission, shall be terminated from the college rolls.
- Any candidate who fails in one subject in an examination is permitted to go to the next class and appear for the subject and complete it successfully before he/she is permitted for the next higher examination.

First Year Subjects

1. General Human Anatomy including Embryology and Histology.
2. General Human Physiology and Biochemistry, Nutrition and Dietics
3. Dental Anatomy, Embryology and Oral Histology
4. Dental Materials

Second year Subjects

1. Dental Materials
2. General Pathology and Microbiology
3. General and Dental Pharmacology and Therapeutics
4. Pre-Clinical Conservative Dentistry
5. Pre-Clinical Prosthodontics, Crown and Bridges

Third year Subjects

1. General Medicine
2. General Surgery
3. Oral & Maxillofacial Pathology & Microbiology

Fourth year Subjects

1. Orthodontics and Dentofacial Orthopedics
2. Oral Medicine and Radiology
3. Pediatric and Preventive Dentistry
4. Periodontology
5. Oral and Maxillofacial Surgery
6. Prosthodontics, Crown and Bridge
7. Conservative Dentistry and Endodontics
8. Public Health Dentistry

Master's in Dental Surgery (MDS)

Both the colleges offers Post Graduate training and MDS programmes in all 9 major specialties of dental sciences. I.T.S Murad Nagar has 49 seats and I.T.S Greater Noida has 27 seats in all 9 specialties of dentistry. The post graduate program commences in the month of May every year and is backed by state-of-the-art infrastructure, research facilities and a well recognized, nationally and internationally acclaimed faculty. A vibrant community health and outreach program ensures a rich pool of clinical material and patients.

The program in itself is well structured in a time bound format with clearly defined and achievable academic goals for the post graduate students. The onus is on a teaching, learning, participatory model with focus on developing critical diagnostic and clinical skills in the post graduate students. The vision is defined by a research driven and evidence based contemporary program, which will prepare the students for a global career in their specialties of choice. The institutions are also striving to be at the cutting edge of research and the students would be encouraged to undertake supervised research which would address the prevailing challenges in oral health care.

A special focus is laid on research methodology and statistics to prepare the post graduates for submission of their synopsis in the prescribed format. All post graduate departments have a clear research process which translates into the dissertation for the students under supervision. The seminars and journal clubs with

lesson plans and recommended reading lists, case presentations, skills tutorials, text reviews are some of the innovative methods being introduced to vie a well rounded and comprehensive post graduate education. The process of evaluation is based on a self and faculty assessment to chart a structured progress in the 3 years of training. The clinical work is again a well determined area of focus and it is ensured that each postgraduate student will receive clinical exposure to a varied spectrum of cases.

The key initiatives that define the program are extensive exposure to evidence based science, clinical exposure to new initiatives and interdisciplinary management of complex cases. Regular CPC's, CDE programs, guest lectures are conducted to provide more value to the program and the students are encouraged to participate and present papers and posters in national and international conferences and events.

CONTINUING DENTAL EDUCATION PROGRAMMES

Guest Lectures

- Dr. Daniel Chan, Georgia, USA delivered a scientific lecture on Cosmetic Dentistry.
- Prof. Stephen Wei, Chairman, Dentsply International delivered a lecture on Current Advancement in Restorative Dentistry.
- Dr. S.C. Khera, College of Dentistry, IOWA City, USA delivered a lecture on Restorative Dentistry.
- Dr. Trent Smallwood and Dr. James Arnold delivered a lecture on Advance Aesthetic Dentistry.
- Dr. B.D Banerjee, Professor & Head of Bio-chemistry UCMS, Delhi delivered a lecture on "Toxicology and Genomic and its application", on 18th May 2011.
- Dr. V.K. Hazarey, a renowned Oral & Maxillofacial Pathologist delivered a lecture at I.T.S. Dental College, Greater Noida on 23rd Nov 2011. He enlightened the students and the faculty on various facets of malignant lesions and conditions of the mouth.
- Dr. Sanjay Arora a distinguished Private practitioner and a well-known Neuro-Muscular dentist gave a guest lecture on 07th Dec 2011. This is one branch of Dentistry which is not practiced by many, but could have great implications in treating even medical conditions such as Migraines, Sleep Apnoea, Back ache and Knee ache.

Endodontics Today

A CDE programme entitled "Endodontics Today" in collaboration with the International College of Dentists was organised on 23rd September 2011 by Department of Conservative Dentistry & Endodontics.

The Chief Guest for the programme was our honorable Chairman, Dr. R.P. Chadha. The guest speakers were leading endodontists from two different aspects of the profession Prof. (Dr.) Naseem Shah is an eminent academican who is Chief of the Centre for Dental Education & Research, All India Institute of Medical Sciences, New Delhi and Head of the department of Conservative Dentistry & Endodontics there. Dr. Rajiv Kumar Chugh is a leading practitioner from New Delhi,

who is an academican at heart and enjoys teaching and sharing his experience with the latest developments in the field with various audiences.

International Update in Paediatric Dentistry

I.T.S Dental College, Hospital & Research Centre has launched I.T.S - Academy of Continuing Education (I.T.S - ACE) with the purpose of integrating global knowledge of research & information that would help our academicians, clinicians & students to update their knowledge with latest developments in treatment modalities.

A CDE Programme by Department of Pedodontics was organised on 20th October, 2011. The CDE had an overwhelming response and was attended by more than 250 delegates. The first interactive lecture was given by Prof. Monty Duggal (Professor & Head of Child Dental Health, Leeds, UK). Prof. Duggal is a speaker Par excellence and has conducted an array of courses on Paediatric Dentistry and Traumatology around the globe. His main research interest is in Cariology, Traumatology and Translation or Research in Clinical Paediatric Dentistry. Prof Monty

Duggal spoke about the latest treatment modalities including the role of Tissue Engineering & Endodontic Management in teeth of children. He also shared his experience of Bone Management & Transplantation.

The second speaker Dr Sukhdeep Singh is a well renowned national speaker. His passion for paediatric dentistry has led him to deliver an interactive session on development of exclusive paediatric clinic. He also discussed various clinical aspects of paediatric dentistry.

Novel Periodontics

A CDE programme titled “NOVEL PERIODONTICS..... unraveling the future” was conducted at I.T.S Centre for Dental Studies & Research on 27th August, 2011 to deliberate on the latest developments in this field regarding Lasers, Implants and Microsurgery – Incorporation of these techniques in day-to-day practice would go a long way providing benefit to the community as a whole. The chief guest for the occasion was Dr. Mahesh Verma, Vice-President, Dental Council of India. The guest of honor were Dr. Col. S. K. Ojha, Secretary, DCI and Dr. R.P. Chadha, Chairman, I.T.S – The Education Group. Dr. Hari Parkash, Director-General, I.T.S-CDSR and Mr. Arpit Chadha, Vice-Chairman, I.T.S-The Education Group, also graced the occasion with their presence. The Guest Speakers included Dr. Suvarne Nene, renowned Implantologist, Dr. Naresh Thukral, pioneer in the field of Lasers and Dr. Ranjana Mohan, eminent periodontist and specialist in the field of Microsurgery. They shared their vast experience and knowledge with almost 300 delegates who attended the programme and made it a truly memorable learning experience. The untirely efforts of Dr. Vidya Dodwad Professor and Head, Department of Periodontia and her team made this event a grand success.

Oral Oncology

A CDE Program on Oral Oncology was held on 24th February 2012. The Guest speaker was Dr. Rajeev Kumar, M.S, MCH, Senior consultant (Surgical Oncology) at International Oncology centre, Fortis Hospital, Noida. About 25 faculty members and 135 students participated. Dr. Rajeev Kumar presented a talk on “Oral Cancer –An Overview”. His presentation was directed on etiopathogenesis of oral cancer. He emphasized on the need for biopsy for any suspicious lesion, various treatment modalities, different type of surgical flaps and various methods of surgical reconstruction which are now carried out with success rate of more than 90%. He discussed all this with large no of cases which were treated by him. Dr. Rajeev also insisted on the importance

of dentists in early screening & diagnosis and

rehabilitation of oral cancer patients. His presentation was directed towards the undergraduate students that oral cancer is easy to diagnose early but difficult to treat later as it carries a lot of cosmetic reconstruction which may not be very perfect for the patient. Faculty and students discussed with him regarding the problems associated with these cases of Oral Cancer & Pre cancer.

Workshop on Orthognathic Surgery

The Department of Oral and Maxillofacial Surgery at I.T.S Centre for Dental Studies and Research, Murad Nagar, Ghaziabad organized a workshop on Orthognathic Surgery on 18th & 19th of February, 2011. It was the first of its kind workshop conducted in North India. The workshop provided a unique platform for exchange of ideas and experiences of senior delegates related to the field of Orthognathic Surgery and source of immense knowledge & clinical exposure for budding Postgraduates. More than 200 delegates across India attended the workshop. Eminent Surgeons, Dr. Ashok Dabir from Mumbai, Dr. Kiran Gadre from Pune and Dr. Chetan Jayade from Hyderabad graced the occasion and performed live surgeries. Dr. Suhas Godhi, Professor and Head of the Department, Dr. Amit B. Lall and Dr. Anurag Singh with other faculty members and postgraduate students worked selflessly round the clock to organize this surgical workshop.

Faculty Development Programme

The successful conduct of the FDP on New age skills for dental educator on 24th March 2012 sets a perfect backdrop for the commencement of the post graduate program in all 9 specialties of oral health science at I.T.S

31st ISPPD Conference hosted by I.T.S – CDSR

The 31st ISPPD Conference was held on 12th, 13th & 14th November, 2009 at I.T.S Centre for Dental Studies & Research, Murad Nagar. The conference was

inaugurated on 12th November, 2009 by (Hon.) Brig. Dr. Anil Kohli, Padmashri, Padmabhushan Awardee, & former President Dental Council of India.

Prof. Ray Croucher, Professor of Community Oral Health, Queens Mary's School of Medicine and Dentistry, University of London; Dr. Nigel M. King, Professor, Philip Dental Hospital, University of Hongkong; Dr. Ana Karina Mascarenhas, Director, Dental Public Health Division, Boston University; Dr. Halimah Awang, Associate Professor, Department of Children Dentistry & Orthodontics, University of Malaysia, Dr. Ashok Utreja, Professor & Chairman, Unit of Orthodontics and Head, Oral Health Science Centre, PGIMER, Chandigarh, Prof. Ramn Bedi, Dr. S.G. Damle, Dr. Shobha Tandon, Dr. H.S. Chawla, Dr. Y.C. Mishra, Dr. Raman Kapur, Dr. Subrate Sarkar were the eminent International & National speakers at the conference. Day started with a presentation by Dr. Halimah Awang followed by a lecture on

Dental College, Hospital and Research Centre, Greater Noida.

This initiative came with the explicit purpose of introducing the faculty to the contemporary advances in medical education method and philosophy and with providing a research driven and evidence based model of higher education. Prof Shailesh Lele, a Fellow of Faimer USA set the tone and trend with his deep insight into research, leadership and technology in teaching. An in-depth exposure to Evidence reinforced these concepts. The event was attended by a large segment of principals, Directors, faculty and senior members of the profession. The Chief Guest, Lt Gen Murali Mohan PHDS, Director General - Dental services, Colonel Commandant, AD Corps was deeply appreciative of this event. Col. (Retd) SK Ojha, Secretary DCI stressed the need of such program and congratulated the Institute for taking this initiative. The Presence of Dr. R.P. Chadha, Chairman. I.T.S-The Education Group reaffirmed the commitment of the group to quality higher education.

Contemporary caries prevention in 21st century by Prof. Ana Karina mascarenhas, Director, Dental Public Health Division, Boston University the three days conference was attended by almost 800 delegates.

Oral Cancer Detection / Awareness and Dental Diagnostic Camp

On 17th March 2012 I.T.S. Dental College, Greater Noida organized a camp in Kallounda village near Sikandrabad in collaboration with International Oncology Centre, Fortis Hospital, Noida. A big team of 21 Doctors and assistants/nurses worked in the Camp and a total of 554 patients were screened, out of which 294 were Dental Patients, 153 were Medical Patients and 107 were Eye Patients. Oral Health Education for Village People was done by a presentation explaining Cancers of different parts of the body. More than 200 patients listened to this talk. A presentation explaining about Oral Cancer and other diseases of Head and Neck Area was also given to the patients. Medicines were also distributed in the camp to the patients.

Dental Symposium Cum Workshop

The Department of Pharmacology of I.T.S Centre for Dental Studies & Research, Muradnagar organized a "Dental Symposium Cum workshop" on "Medical emergencies in dental practice" under the guidance of Dr. Rishi Rath, H.M.S Rehan, Dept. of Pharmacology, LHMC, Dr. Pravesh Mehra, Prof. and Head, LHMC and Prof. Ranju Singh, Dept. of Anesthesia, LHMC were some of the distinguished speakers. Workshop was appreciated by the students and faculty members and also enabled the students to respond to an urgent medical need in a reasonably confident and efficient manner. Workshop was divided into three sessions viz. "Medical emergencies in dental practice", "Oral manifestations of drug reactions", and "Basic life support". The workshop had huge number of gathering of students and faculty which made it a grand success.

School Dental Health Programmes

Under School Dental Health Programmes, teachers and students are trained by dental professionals about the

importance of oral health and preventive measures. Such programs are conducted by the Department of Public Health Dentistry in various schools of nearby areas. The school dental health education is usually done through tooth brushing demonstration on over size dental form models and powerpoint presentations for better understanding and to keep up the interest level. Students regularly participate in these programmes to impart knowledge on oral health and conduct preventive basic dental care like fluoride application, pit and fissure sealant application, ART, Diet counselling and dental health education. These programmes facilitate school children, teachers and parents to improve their oral health.

CDE Programme by the Department of Oral Pathology, I.T.S – CDSR

In the pursuit of excellence in the field of learning, by post graduate students as well as for updating knowledge of the current concepts of various diseases, the I.T.S Centre for Dental Studies & Research, Murad Nagar, organized a two day Continuing Dental Education Programme on the 3rd and 4th April 2009.

This workshop was organized by the Department of

Oral Pathology at I.T.S-CDSR and was held under the aegis of the Indian Association of Oral & Maxillofacial Pathologists (IAOMP). The programme was held with a motive to ignite young minds of people pursuing Oral Pathology as a P.G. course. The two day deliberations began with an inaugural ceremony in which the Chief Guest was Prof. S.K. Kak, Hon'ble Vice Chancellor, Ch. Charan Singh University, Meerut and the Guest of Honour was the Chairman of I.T.S Group of Institutions, Dr. R.P. Chadha.

Pedodontics Update – 2008

A CDE Programme "Pedodontics Update – 2008" was organized by Department of Pedodontics on 18th August, 2008. The programme was inaugurated by the Chief Guest, Brig. (Hon.) Dr. Anil Kohli, Former President, Dental Council of India and Dr. Ashok Utreja, Head Oral Health Sciences Centre, PGIMER, Chandigarh was the Guest of Honour. Dr. Shobha Tandon, Dean, College of Dental Sciences, Manipal

Academy of Higher Education, Dr. S.G. Damle, Vice Chancellor, Maharishi Markandeshwar University, Mullana, Ambala, Dr. I.K Pandit, Principal, DAV Dental College, Yamunanagar, Dr. Y.C. Mishra, Professor and Head, Department of Oral Surgery, GVSM Medical College, Kanpur, Dr. Usha Mohan Das were the eminent speakers at the programme. Dr. Anil Kohli, Chief Guest, (Former President), Dental Council of India, released a publication of DCI entitled 'DENTISTRY INDIA' continuing Dental Education, 2nd issue and a book on Paediatric Dentistry authored by Dr. Shobha Tondon, Dean, College of Dental Sciences, Manipal Academy of Higher Education.

Workshop on Cast Partial Dentures

A hands-on course on cast partial denture was conducted at I.T.S Centre for Dental Studies & Research, Ghaziabad, under the aegis of Indian Prosthodontic Society, in collaboration with International College of Dentists (India & Sri Lanka). The workshop was inaugurated by Brig. Dr. Anil Kohli, Former President, of DCI. The workshop was attended by post graduate students, and faculty from various states such as Madhya Pradesh, Haryana, Himachal Pradesh, Uttar Pradesh, etc. It was for the first time that the workshop on such a large scale on Cast Partial Denture was conducted in the country.

Teacher's Training/School Dental Health Programmes

Teachers are given the responsibility of shaping the child as a good human being, having a sound mind in a sound body. Teachers are trained by dental professionals about the importance of oral health & preventive measures. Such programmes were conducted by the Department of Public Health Dentistry in Patanjali Public School, Muradnagar. The school dental health education is usually done through tooth brushing demonstration on oversized dentoform models and power – point presentations for better understanding & to keep up the interest level. Students regularly participate in school dental health

programmes to impart knowledge on oral health and conduct preventive basic dental care programmes like fluoride application, pit and fissure sealant application, ART, Diet Counseling and dental health education. These programmes facilitate school – children, teachers and parents to improve their oral health.

I.T.S Dental Colleges Going Global... Indo Canadian Dental Camp

An Indo – Canadian multi specialty oral health check up and treatment camp was organized in collaboration with I.T.S Dental College, Muradnagar &

Greater Noida and Picton Dental Centre, Ontario, Canada from 26th April to 2nd May, 2011. A Canadian team led by Dr. Kuldeep Sandhu and team of Dental professionals from Department of Public Health Dentistry. The team also visited the various departments of both the college and was appreciative of the infrastructure and organization of the institution. There were free distributions of tooth pastes and tooth brushes to all the people at the camp site. A large number of patients were treated in the

dental camps. All the dental treatment were done free of charge for the benefit of the poor.

A gala Cultural exchange program was organized in the campus of I.T.S – CDSR, Muradnagar on the evening of 29 April.

Celebrations on World No Tobacco Day

On 31st May every year the faculty of both the colleges alongwith the co-ordination from the Department of Public Health Dentistry organized Oral Cancer education programmes wherein demonstration of self examination of the oral cavity for early detection of Oral Cancers and pre-cancers was given to the public. The faculty and the college fraternity organizes street plays and check ups for the needy population. The College has also given memorandum to the Government regarding the

brands of Tobacco and tobacco related products. Posters and movies showing ill effects of tobacco and the complications associated with the usage of tobacco are shown to the public to create social awareness. Free treatment is also provided to the patients.

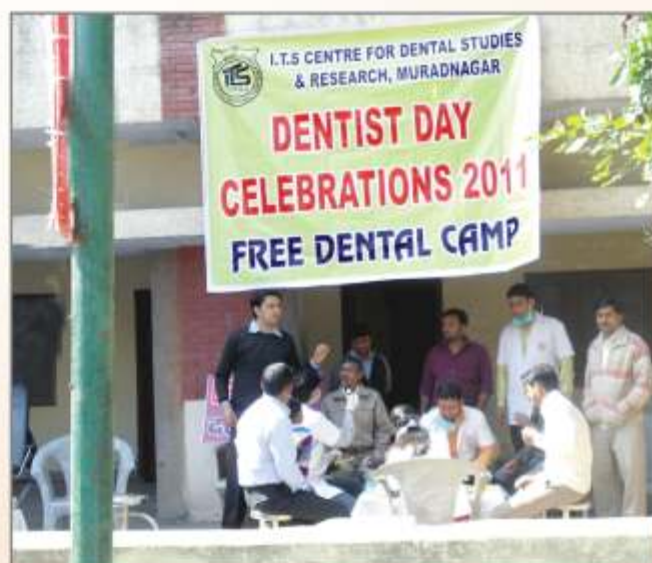

Celebrations on World Health Day

7th of April every year at I.T.S Dental College, Muradnagar & Greater Noida is a day of High Scientific & Educational activity. This day the colleges celebrate "World Health Day" with great enthusiasm keeping in mind the commitment for a healthier world. A slogan competition was arranged in which 110 students participated in the competition. Yoga and exercises were arranged for the hostel students in the morning in which more than 200 students took active part. To make the I.T.S campus green, a tree plantation program was arranged in which 30 saplings were planted with the objective of making the campus pollution free and to provide fresh air. Vehicle control program was arranged by asking faculty members and students to use the college bus instead of using their own vehicles, with the objective of pooling travel, thereby saving petrol.

Dentist Day Celebration

Department of Public Health Dentistry, Pedodontics & Prosthodontics of I.T.S – CDSR conducted check-up camps, pit & fissure sealant applications & free denture camps respectively on the occasion of Dentist Day from 4th to 8th March 2011. "Oral screening and treatment camp" at Village Morta, Ghaziabad provided treatment to more than 200 patients. 40 complete dentures were inserted in a ceremony presided over by Principal Dr. P.B. Sood & Administrator Mr. D.S Jolly. Prof. Dr. Akshay Bhargava educated denture patients about various myths & fallacies associated with complete denture treatment.

Blood Donation Camp

Blood donation camp is organized in every campus of I.T.S-The Education Group twice a year in collaboration with Rotary Club of Ghaziabad. The blood is collected in the institution and is handed over to the Rotary club who in turn stores it in blood bank of Government Hospital of Ghaziabad. A blood donation certificate is issued to the donor. The institution maintains a register of all the students and staff with the respective blood groups, which may sometimes be useful in cases of emergency. Many under graduate & post graduate students and faculty and staff members came forward for blood donation. This mass participation highlights the success of the college in motivating the students and making them conscious about the duties as a health professional.

Convocation Ceremony

“ Graduation is a process that goes on until the last day of your life. ”

I.T.S – CDSR, celebrated The Convocation on 11th June, 2011. The program started with the Vice – Chairman, Mr. Arpit Chadha declaring the opening of convocation ceremony of the 2001 BDS Batch and the 2008 MDS batch. Prof. S.K. Kak, Vice Chancellor of the Mahamaya Technical University, Noida was the Chief Guest of the function. Dr. Mahesh Verma, Vice President of Dental Council was the Guest of Honour of the program. The gathering was addressed by Dr. Hari Parkash, Director General, Dr. P.B. Sood, Principal and Mr. Surender Sood, Chief Administrator of the institution. All the graduates and post graduate specialists were awarded their degrees by the invited dignitaries & Madam Smt. Meera Chadha.

Alumni Meet

“ Staying Connected Forever... ”

“ The Alumni Associations strengthen bonds among the illustrious dental fraternity produced at our centres ”

The Alumni meet of I.T.S-CDSR was held on 11th June 2011. This meet brought together under a single roof, 6 batches of the passed out students. The enthusiasm was vivacious as these students fondly remembered their fun filled days in the college. They exchanged experiences on their current fields of work. The alumni expressed their gratitude to their teachers and the college administration for investing their resources and moulding their personalities for pursuing their profession. They also had words of motivation for the students for achieving their goals and pursuing their passion. This was followed by a lively musical programme compered by DJ in which the participants had a lot of fun by re-enacting their college days. The event ended with a buffet dinner.

SPORTS DAY Celebration

Every year Sports Day has been organized at all campus of I.T.S – The Education Group. Sports Meet included various games (Cricket, Football, Badminton, Table Tennis, Chess, Carom, Kho-Kho, volley Ball, and Throw Ball) and Track & Field events. At the end of Sports

“All work and no play makes Jack a dull boy”

function celebrities like Vinod Kambli, Piyush Chawla etc. are invited to distribute the prizes among the winner students.

Appreciation of Meritorious Students

“By appreciation, we make excellence in others our own property”

The institution, for the purpose of encouraging the students, organized a program in which the meritorious students of the IIIrd and IVth Year University examination were felicitated. The program was attended by the Director General, Dr. Hari Parkash, Principal, Dr. P.B Sood, Vice-Principal, Dr. D.C. Shetty and senior faculty members. The first 3 rank holders of each University examination were presented with silver coins and top 10 students were awarded with certificate of appreciation. On the insistence of our Chairman, Dr. R.P. Chadha, Students whose performance showed tremendous improvement were also appreciated in the program.

Euphoria 2012

Festivities are integral to the holistic growth of students since the talents at different fields of life are recognized”

Euphoria 2012, a cultural extravaganza, was organized at I.T.S Centre for Dental Studies & Research. A week long interclass cultural fest was organized in which the students from I, II, III & IV year showcased their talents. The festivities ended with the cultural events performed by all the batches. The faculty members also participated enthusiastically in this event. II year BDS were declared the winners of this cultural fest.

Co-Curricular Activities

1. At "IMPRESSIONS" organized by MAULANA AZAD INSTITUTE OF DENTAL SCIENCES on 15-16th Dec' 2011 where more than 800 students from 10 colleges participated, students of I.T.S Dental College won the second prize in quiz competition.
2. ESIC DENTAL COLLEGE AND HOSPITAL, ROHINI hosted a cultural festival on 20th Jan'12 in which ITS Dental college Greater Noida bagged many prizes amongst 15 other Dental colleges.
 - Meera Singh and Mohit Gupta (Interns) stood 1st in Dental Quiz Competition & they got a cash prize of Rs 4500.
 - Shalini (2009), Tanya and Arundhati (2011) stood 2nd in Debate & they got a cash prize of Rs 2500.

 - The IAOMR Academy presented Highest Scorer Award in the speciality of oral medicine to interns Ms. Praneet & Ms. Meera of 2006 Batch.

Shilpotsav

At I.T.S we believe in having drill along with extra curricular activities. Our students have won many laurels in various cultural fests and activities in Various Colleges. On 8th November, the students showed their overwhelming skills by performing a dynamic street play titled "Sampradayakta mein ekta" and a Vibrant Indo-western dance which was highly appreciated at "SHILPOTSAV" organized at Noida Stadium by the U.P. Govt.

"Swastika-The Indigenous Band"

Our own band from I.T.S Dental College, Greater Noida "Swastika" participated in various War of Bands and won many laurels. On 25th of August at Reverb, Noida they competed against 6 other bands and stood first in the competition titled FUSION. At the cultural fest Pulse held at AIIMS campus, Swastika grabbed a worthy 2nd position overall with their scintillating performance. They also won the 1st prize in the war of Bands at IIT - Roorkee.

Occlusion 2011

A Grand Cultural extravaganza was held at I.T.S Dental College Greater Noida Campus on 28th & 29th January 2011. More than 800 students participated from over 15 different dental/ medical colleges of North India with great zeal & enthusiasm.

The festival had an array of events such as singing, dancing, war of bands, fashion show, debate, tattoo making, rangoli, dumb charades, painting, face painting, skit and many more.

The chief Guest for the program was Pandit Pulkit Mishra, a renowned exponent of Kathak dance.

There were some soulful music, feet tapping dances, a glamorous fashion show and the Grand Finale the well known Band "PARIKRAMA" to rock the campus.

Say No To Ragging

"Ragging is a reprehensible act which does no good to any one and no act of ragging shall be tolerated and any act of ragging shall not go unnoticed and unpunished" (As stated by the Hon'ble Supreme Court of India)
