2.2 Placements 1 Infrastructure 2 Faculty & Course Curriculum 2 Crowd & Campus Life 4 Value for Money 2

I was disappointed with the college and will not suggest students join this.

Placements: Around 90% of students get placed in our course. The highest recruitment in college is from our course.2. The highest salary offered is Rs. 24,000 per month and the lowest salary offered is Rs. 15,000 per month. The top recruiting company of our college is Tech Mahindra, and the top role offered is as a supervisor. In our course, the highest salary package offered was 2.4 LPA, and the lowest salary package offered was 1.3 LPA. Only 15% of students got an internship in

Value for Money 1

I am not satisfied with this college.

Placements: 1) 60 percent of students are placed in our course. 2) the highest salary is 25k and the lowest is 14k. 3. Top recruiting companies are SYNERGIES, GREEN TECH, TECH MAHINDRA. 4. GENERAL MANAGER is the top role offered in our course. 5. The highest package offered is 26k per month. 6. 30 % of our students got internships from BHEL, HPVP etc.

Value for Money 4

I completely dissatisfied with the campus recruitment process.

Placements: In our college, none of the companies visits to offer jobs. Some of the small companies visited, and only a few students got placed with very low salary packages. I am completely dissatisfied with the campus recruitment process. In the previous year, Fillet company visited for the campus recruitment process.

Crowd & Campus Life 3

Value for Money 4

It is a good college for middle-class students.

Placements: Nearly 20% of the students are placed every year through the campus recruitment process. Companies which visited our campus are Wipro, HCL, Dell, etc. In our course, the highest salary package offered is 1 lac per annum and the lowest salary package offered is Rs. 70,000 per annum. Almost 30% of the students got an internship from our college in Wipro, etc.

Crowd & Campus Life 2

Value for Money 1

I am highly dissatisfied because of the worst education values.

Placements: Almost 75% of the students got placed. Fewer companies like HCL, Green Tech, GJ Solutions and other companies for mechanical engineering are the top recruiters. In our course, the highest salary offered is Rs. 25,000 per month and the lowest salary offered is Rs. 12,000 per month. Very less percentage of students from our course got an internship in GJ Solutions and HCL.

I am not happy with some teachers during lab internals.

Placements: Many companies visit our college for placements. An assistant lineman job is highly offered. In our course, the highest salary offered is Rs.50,000 per month, and the lowest is Rs. 15,000 per month. A maximum number of students do their internships in power plants.

1.4 [Placements 1](#) [Infrastructure 1](#) [Faculty & Course Curriculum 2](#) [Crowd & Campus Life 2](#) [Value for Money 1](#)

It provides average studies and average facilities.

Placements: Only 2-5 students from our course got placed. The salary offered to the students ranges from Rs. 10,000-15,000 per month. Top recruiting company of our course is Tech Mahindra, but it did not hire any student. There are no educational facilities. There are less experienced faculty members, and they do not care about students. But huge money was taken from students. Only a few students from our course got an internship.

1.0 [Placements 1](#) [Infrastructure 1](#) [Faculty & Course Curriculum 1](#) [Crowd & Campus Life 1](#) [Value for Money 1](#)

I am absolutely dissatisfied. The college maintains a fake profile.

Placements: Almost 10% of our super seniors were placed. But our seniors didn't get any placement offers. It seems our batchmates also will not have placements. The highest salary offered was Rs. 18,000 per month. The average salary offered was Rs. 14,000 per month. I don't remember the company name since they aren't the top companies. In our batch, only 3 members got internships on their own in DUF.
