CENTRE OF EXCELLENCE FOR FUTURE READY SKILLS

East West Institute of Technology is one of the premier technical institutes which is positioned well within the city limits of Bangalore South-West. The institute is expanding its activities to cover the present industry needs with an eye on the future.

The Institute is repositioning itself to align with the National Education Policy 2020 by establishing world class Centre of Excellence at EWGI campus.

The students would be continuously engaged in imparting such training along with the regular curricular activities. Thus the students would acquire top notch skills and are prepared to take up jobs in challenging areas.

The Faculties at EWIT would teach the students using Flipped Learning, blended learning and project based learning methods in compliance with OBE.

The main focus is to 'engage' the students in their subject domain with all possible pedagogies.

The institute has state of the art G5-Platform which provides full automation on all activities.

Students/parents/alumnus/industries get relevant information at the tip of a touch on this ERP. The institute has excellent sports facilities and promotes extracurricular activities. The principle behind all activities at EWGI is to allow the students to evolve themselves with knowledge and sportsmanship and talents in their desired domain.

The institute provides open system for overall growth of the students in their chosen programs. Students would get opportunities to work in R & D and consultancy projects and are rewarded under Student Assistance Program (SAP).

EWIT is located in a sprawling 20 acre campus. Seamless access to internet is provided through Campus WiFi at a speed of 1000 mbps. Students will have access to all e-journals and e-books through VTU E-Consortium.

Education is what shapes our society, professionals and people, but education that lacks practicality is failing on part of any educational community.

EAST WEST Institute of Technology has collaborated with ETHNOTECH ACADEMY and has established Centre of Excellence in Emerging Technologies to Train, Mentor and Nurture young Minds to remain competitive for the Present Day Scenario and the Future.

EWIT- Center of Excellence is an effort to ensure availability of practical industry-oriented programs to our youth. We sincerely hope that EWIT- Center of Excellence will act as the catalyst in bringing the industries closer to the students of our Nation .
