# ABOUT US

## AIM HIGHER WITH GNIOT

Established in the year 2001, GNIOT Group of Institutions has become one of the leading Institutions for Engineering and Management programs worldwide. At GNIOT, we share a strong commitment to a diverse community. It's a commitment born out of our long standing belief in the transformation power of a strong and collaborative organizational culture. It recognizes that leveraging diverse perspectives enriches learning, inspires innovation and develops strong leaders.

For us, diversity encompasses many dimensions - from personal characteristics to cultural traditions, political world views, academic training, life experiences and other aspects that shape human identity. At the core, all diversity matters. Differences affect how we think, react, solve problem and relate to others as people. Differences inform, enrich and empower human kind's collective capacity to create a better world - materially, aesthetically and philosophically.

We welcome the vibrant array of cultures, voices and unique perspectives that together make GNIOT a dynamic place to learn, teach and thrive.

Our faculty, students and administrators find boundless opportunities to interact with peers from around the world and every imaginable background. They learn from each other in classrooms and seminars, through meetings, club activities, conferences and on global study trips. They forge lifelong bonds with others who share their intellectual curiosity and their desire to make a meaningful difference.

LATE SHRI KRISHAN LAL GUPTA

# BLESSINGS OF THE FOUNDER

According to a Chinese proverb, "If you are planning for a year, sow rice; if you are planning for a decade, plant trees; if you are planning for the lifetime, educate people". This sums up the entire philosophy of the time and life of Shri K.L.Gupta Ji, a visionary and inspiration to many. With his sheer hard work and lifelong dedication, he built up the entire GNIOT Group of Institutions – a name that is taken with reverence and admiration.

Shri K.L.Gupta Ji was born on 18<sup>th</sup> February, 1961, in Village Karsindhu, District Jind, Haryana, to father Late Shri Ramchander Bansal Ji and mother Late Shrimati Bhanpati Devi Ji. He lost his parents at a very young age and then he along with his younger brother Shri Bishan Lal Gupta Ji and five sisters moved on with their lives with courage and confidence. In 1978 he got married to Shrimati Kamla Devi Ji and had two sons, Shri Rajesh Gupta and Shri Gaurav Gupta.

With his far sightedness, devotion, and his zeal to do work which influences so many lives, in the year 2000, Shri Ram Educational Trust was established. He realized to put our country forward, we must make our youth technically sound. Engineering is one domain where the youth can take constructive steps in order to strive for a more developed and advanced nation. Opening up an engineering college and providing the students and even the teaching fraternity with opportunities that would help them to aspire for the best and achieve the same too, was his only dream. It was this drive and passion that urged him to found and run the GNIOT Group of Institutions for over a decade.

Taking this thought one step ahead, Shri Krishan Lal Gupta Ji realized that in order to transform the education system, it would be more imperative if we start working on it from the very beginning. This led to the opening of primary and secondary schools for children so that they get proper guidance and mentorship at the earliest.

Though he is not with us today, he is and will always be the guiding star in all our progressions.

We miss him dearly.

# GOALS

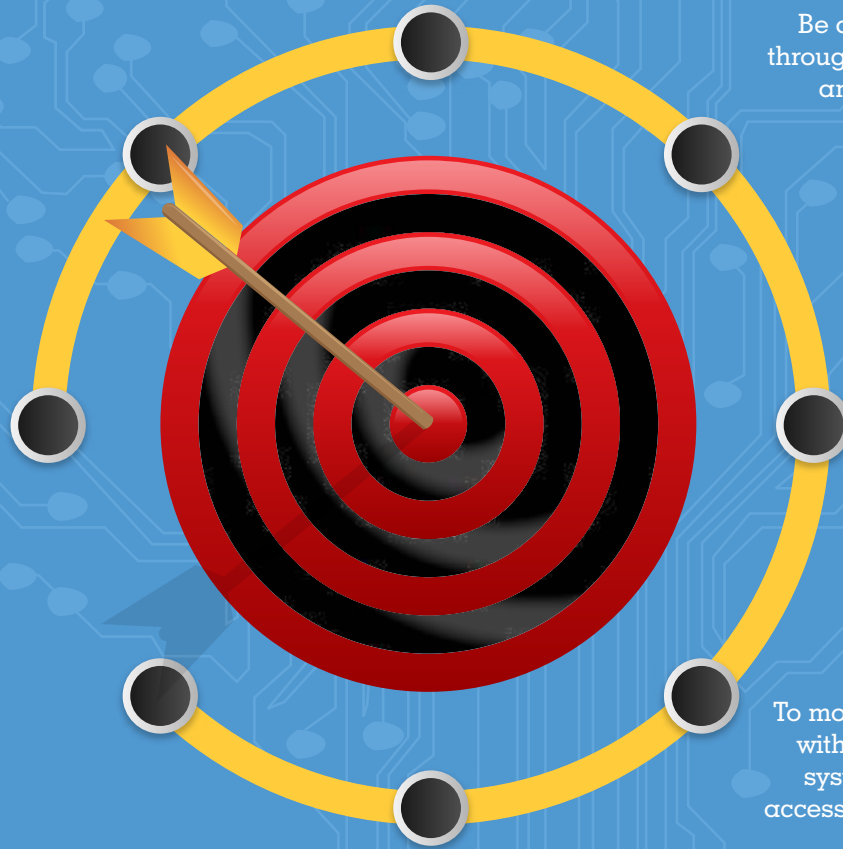

To try for excellence of global standards in the teaching and research activities as well as in the field of non-formal education

Be accountable to core functions through the process of self evaluation and continuous improvement

To imbibe cardinal values of life in order to effectively ensure unity and integrity in the society so as to develop human resources with a futuristic vision.

To motivate our students to experiment with new ideas, new thoughts, new systems and to make these easily accessible and conducive to the growth of the society.

To whack the shackles, and to enable them to traverse on the unbeaten track of thinking.

# OUR VISION

- ⦿ To transform GNIOT into a dynamic vibrant academic institute by creating and sustaining a harmonious blend of social, moral and economic values of society.
- ⦿ To strive for excellence in education, research and technology and to enable our students to become responsible and useful citizen of the country.

# OUR MISSION

- ⦿ To help in establishing a conducive environment, enabling our students to acquire knowledge and professional skills and be acquainted with the social, ethical and economic ethos of the nation.
- ⦿ To develop a balanced perception of life.
- ⦿ To create an appropriate atmosphere in order to facilitate research and disseminate knowledge.
- ⦿ To provide knowledge based technological services to meet the diverse needs of the society and industry.
- ⦿ To acquire the necessary skills of life.

## FROM THE DESK OF CHAIRMAN

Dear Aspirants,

India boasts of being a young nation, and to tap the potential of our youth in the right manner is the need of the hour. We at GNIOT Group of Institutions are committed to groom this young pool of talent so that they are transformed into entrepreneurs with quality mission. They become job-creators rather than job-hunters. With this dream in mind we sowed a seed in the fertile soil of the luscious landscape of Greater Noida.

I am happy to learn that within a short span of a little over a decade, the seed has not only sprouted but grown into a fully blossomed tree called GNIOT. The calm and serene atmosphere of the location of the

institute is a strong motivating factor for young boys and girls to join this institute. We always strive to impart excellent quality education in the field of technology and management. The constant endeavor of our team of highly experienced and dedicated faculty, supported by equally impressive infrastructure has considerably helped our students in the acquisition and development of appreciable competency. I invite sincere and committed students to join GNIOT. I can assure you that GNIOT responds pro-actively to the wider needs of the educational and social environment of our country. I trust your stay in the college will be richly rewarding and immensely memorable.

I wish my students all the best!

# FROM THE DESK OF VICE CHAIRMAN

Dear Students and Parents,

In this millennium, world is characterized by technology and constant change. In order to survive and perform successfully in the modern day competitive environment, we have to constantly adapt to innovation and be prepared to update knowledge and skills through continuous learning all the time.

At GNIOT, we produce professionals who have the optimum mix of attitude, skill, culture and knowledge to adapt themselves to the emerging trends with confidence and pursue their chosen professions with comfort.

It is our endeavor to ensure that every student's needs and expectations are fulfilled, thus enhancing the ability to acquire and apply knowledge. Our highly professional and dedicated faculty drawn from academia and industry possesses impressive credentials, a missionary zeal in teaching and are involved in shaping careers at GNIOT.

So, come and join our growing community of self-confident young technocrats.

# FROM THE DESK OF DIRECTOR ENGINEERING

Greetings to Dear Parents and Students!

GNIOT is a beacon of light which illuminates the unseen and the unknown recesses of your personality. Apart from academics, cultural and traditional persuasion we are striving to groom our students' self development and self discipline through self introspection.

Education at GNIOT lays emphasis on growing individually as a technocrat and a responsible citizen of this world as a whole. The Institute is committed to serve our students in such a manner that they are able to uncap their talent and transform themselves into creative, sensible and committed technocrats dedicated to serve the nation. In today's

fast changing scenario where globalization is the mantra of the day, it is our earnest endeavor to keep our students abreast with the latest in the application of technology so they may be able to tap the deepest core of their latent potentiality.

Our vision is to create future leaders who manage and create powerful organization in the emerging corporate landscape. Various pedagogy tools help our students develop not only a holistic business perspective but an ability to seize opportunities in a competitive business environment.

I am confident that armed with contemporary education and strong moral values, our students will march ahead triumphantly to capture all glory and success in life.

## FROM THE DESK OF DIRECTOR MANAGEMENT

I wish to thank you for showing interest in GNIOT MBA Institute. We have been providing quality education in management from past many years. Currently the Institute offers two-year full time course in Master of Business Administration (MBA) and a five year MBA Integrated program (BBA + MBA), affiliated to Dr. A. P. J. Abdul Kalam Technical University (AKTU), Lucknow and approved by AICTE, with sanctioned student strength of 90 & 60, respectively.

We foster sharpening of skills and enhancement of knowledge base in our students through various extra-curricular, co-curricular and curricular activities. To facilitate this we have Centers of Excellence to inculcate and to enhance domain

specific Research and Training among members of faculty and Entrepreneurship among students. With very congenial and professional environment our faculty makes substantial contribution to the academia through quality teaching, publications, seminars, conferences, etc. The corporate interactions including corporate supported projects undertaken by our students under faculty supervision is considered unique, as it provides a close hands-on experience to our students as part of our curriculum. Thus, as a student you certainly are expected to have an enriching and life turning experience that should propel you to take advantage of the new opportunities in life. As a prospective student, you are welcome to explore options that may be available to you in our various academic programs and please do not hesitate to contact us for additional information. We look forward to build long lasting and mutually beneficial relationship with you.

# ALUMNI MEET

GNIOT regularly organizes alumni meet for their old students. This meet gives an opportunity to our alumni to interact with their old friends, classmates and teachers and share their memorable experiences with all.

It further provides a platform for our students to share their success stories and continue to build a bond with the Institute.

Our first batch graduated in 2005, and since then many batches have graduated from engineering and management domains.

The alumni share their corporate experiences with the current batches and guide them on how to prepare for the industry. The alumni also help the institute to form bonds with the corporate and industry.

After joining this College way back in 2012, I got a chance to come under the excellent mentorship of Professors here, who were always around to guide me and to help me plan my carrier. The various lab sessions and workshops that are regularly conducted as a part of the curriculum helped me gather a lot of practical knowledge of my subjects. Apart from learning technical skills here, I also laid the foundation of the Technical Club of my Engineering College, under the able guidance of the educational leaders of the Institute and for the first time in Delhi-NCR, we witnessed the biggest Technical Fest of the Region, bringing over 1500 students from different colleges and institutes to showcase their technical skills. All the skills that I have acquired as a student of this premier Institute, be it Technical or Managerial, is helping me a lot to grow as a professional and even as a person. "When your carrier demands the best, trust only the leaders", is truly stated for this Institute.

**SAURABH KUMAR SHUKLA**

I am very thankful to my parents, my friends, my faculty and my college, "GNIOT", Greater Noida for where I am today. I took admission in GNIOT in 2008 and completed my B.Tech. in Computer Science domain in 2012. In my 4-year journey, I had initially taken admission in IT stream but in my 2<sup>nd</sup> year I changed my branch to CS, thanks to GNIOT registrar team who made it possible. I am very thankful to the then HOD of IT, Ms. Vasudha Tiwari and the then HOD of CSE, Dr. Rajesh Pathak who always supported each and every student for every little thing. I have learnt a lot during my engineering course specially the basics of software development, different software languages like JAVA, C, and most important Data Structures and Algorithms. The concepts that I learnt in theory and practical, I am applying the same in my actual work. I am also very thankful to TRC community which enhanced my growth and interest in extracurricular activities. I am grateful to placement team also who helped and trained me during the interview preparation and provided timely feedback to focus on technical as well as on behavioral skills. I express my sincere thanks to each and everyone who directly or indirectly was part of my engineering journey.

Greater Noida Institute Of Technology has been a crucial milestone in my journey. It has acted as a stepping stone for my success graph. The teachers are supportive and keep a student oriented attitude. As they say, college days are the best part of life, my experience with this college holds it so true. The classes are guided by rational structured courses and cogent reasoning to understand the concept and their applications. The college strives to develop and nurture other aspects of the personality by conducting entrepreneurial, cultural and sports events. I am grateful to be a part of such an Institution.

**GAURAV TRIPATHI**  
**Capgemini**  
Consultant & lead

It was wonderful connecting with you last week. I feel honored to realize that I am still remembered by my teachers in an institution where I have got so much in terms of everything. I feel it hard to explain in words but if it was to be put in words then I would say my experience in my college was very "enriching". From my first day in college till the end each day had something or the other in stock to cherish about. I still have those memories fresh and often get goosebumps thinking about them (In a happy mood).

I remember all the pep talks I used to have with Ma'am Himdweep Khurana, Ma'am Minakshi Awasthi and almost all my teachers and some of them I will carry all through my life. Today I am working with Capgemini as a consultant & a lead and have worked in different countries and often use our life changing lessons to pep my teams.

Thank you very much for everything and making me what I am today!

**MANALI ARORA**  
**Samsung India Electronics Pvt. Ltd.**

A college has a very important place in nurturing a good and efficient citizen. I am proud to be a part of a college which laid the foundation stone of what I am today, as well as what I will be in future.

GNIOT has played a transformational role in my life. The learned and supportive faculty and up-to-date curriculum provided me with a strong foundation to enter the corporate world. Apart from the best education offered here, I had enjoyed every single day of my college life. It was the first place where I was introduced to new ideas, technology and breakthrough opportunities. The way the college prepares students to face global competition and come out successful is unique and unmatched. Producing the kind of students Industry looks for, is the result of an electrifying combination of intelligent effort and optimal resources by the college. This college showed me the path to excellence, both in personal and professional life. I am grateful to GNIOT for the knowledge and experience it gave me and I also wish improved and higher level of experience to future generations of GNIOT students.

At GNIOT I got an opportunity to learn management in the company of students hailing from different backgrounds and thoughts. GNIOT provided us various opportunities to learn the things in our own way by providing ideal mix of academics and exposure in terms of corporate interfaces. The facilities at GNIOT rank at par with the very best in India.

GNIOT ROCKS...!!

**PRATYUSH DWIVEDI**

I feel the kind of exposure we got from our Institute was phenomenal. The exposure was not only limited to the boundaries of our country but was global too which helped us realize how world is running business. Guest faculty and guest lectures gave us very good insight. All I can say is that the Institute gave us third eye to see how world is moving and where we can position ourselves globally.

**PUSHKAR SINGH NEGI**

# DEPARTMENTAL LABORATORIES

## ENHANCING INNOVATIVE QUOTIENT

### APPLIED SCIENCE

- ⊙ Engineering Physics Lab
- ⊙ Engineering Chemistry Lab
- ⊙ Basic Electrical Engineering Lab
- ⊙ Elements of Mechanical Engineering Lab
- ⊙ Professional Communication Lab
- ⊙ Computer Programming Lab
- ⊙ Workshop Practice
- ⊙ Computer Aided Engineering Graphics Lab

## ELECTRONICS & COMMUNICATION

### Communication Lab (I, II, III)

The Lab consists of four subsets

- ⊙ Analog
- ⊙ Digital
- ⊙ Microwave
- ⊙ Optical Fiber Communication

### Electronics Lab (I & II)

- ⊙ Electronics Lab (I) : Basic electronics characteristics of BJT, Zener, Clamper etc.
- ⊙ Electronics Lab (II) Lab: Basic Amplifier, Oscillator Circuit

### Microprocessor Lab, Digital Lab & Computer organization Lab

- ⊙ The Pulse & Digital Laboratory

### Control System Lab

- ⊙ PI-Controller
- ⊙ PID-Controller
- ⊙ Programmable Logic Controller kits

### Digital Signal Processing

- ⊙ Lab View Semiconductor with MATLAB.
- ⊙ Taxes Board with CCS (code composite studio) software

### Electronics CAD Lab

- ⊙ MATLAB, VHDL, Active/HDL, MultiSim, ORCAD, TASM, Lab View.

### Microwave Lab

- ⊙ 6 Microwave Test Benches
- ⊙ VSWR Meter
- ⊙ Horn Antenna and Klystron Power Supplies
- ⊙ 2 experimental Setups for Gunn diode and Gunn Oscillator.

### PCB Lab & Electronic Workshop

- ⊙ Printed Circuit Board Lab (PCB)

### Analog Integrated Circuit Lab

- ⊙ Frequency Multiplier kit, PLL kit, Digital to Analog converter kit etc.

### Project Lab

## ROBOTICS LAB

- ⊙ Microcontroller based Robotics Lab
- ⊙ Real time projects
  - ⊙ Line Following Robot
  - ⊙ GSM Mobile Phone Controlled Intelligent Robot
  - ⊙ Metal Detector Robot
  - ⊙ Obstacle Avoiding Robot
  - ⊙ Bluetooth Controlled Robot Using Android Smart Phone

## ELECTRICAL ENGINEERING

- ⊙ Basic Electrical
- ⊙ Electrical Machines
- ⊙ Electrical Networks
- ⊙ Electrical Measurement
- ⊙ Power Electronics
- ⊙ Microprocessor
- ⊙ Control System
- ⊙ Computer Center (For study of electrical engineering subjects)
- ⊙ Electric Drive
- ⊙ Instrument and Process Controller

## MECHANICAL ENGINEERING

- ⊙ Automobile Lab
- ⊙ Heat & mass Transfer Lab
- ⊙ Mechanics Lab
- ⊙ Material Science & Testing Lab
- ⊙ Theory of Machine Lab
- ⊙ Refrigeration and air Conditioning Lab
- ⊙ Fluid Mechanics Lab
- ⊙ Fluid Machinery Lab
- ⊙ Measurement & Metrology Lab
- ⊙ Thermodynamics Lab
- ⊙ Workshop Machineries & Plant
- ⊙ CAD/ CAM Lab

## CIVIL ENGINEERING

### Building Materials & Construction Lab

- VICAT Apparatus
- LE CHATELIERS Apparatus
- BLAIN Air permeability meter
- Surveying Lab
- Total station
- Theodolite
- Dumpy level
- Chains/tapes
- Plane Table & accessories

### Structural Analysis Lab

- Three Hinge Arch
- Redundant Joint Apparatus
- Unsymmetrical bending beam

### Apparatus

- Curved Member Apparatus
- Column & Strut Apparatus
- Maxwell's Apparatus

### Hydraulics & Hydraulic Machine Lab

- Tilting flume apparatus with provision for horizontal contraction, hump, broad crested weir and hydraulic jump

### Soil Mechanics Lab

- Liquid limit Apparatus
- Shrinkage Limit Apparatus
- Core Cutter
- Compaction Mould Apparatus
- Permeability Apparatus
- Direct Shear test Apparatus

### Transportation Lab

- Crushing value Apparatus
- Aggregate impact value Apparatus
- Universal Penetrometer Apparatus
- Ductility testing machine
- Flash & Fire point Apparatus
- Ring & Ball Apparatus
- Bitumen Penetration kit

### Environmental Lab

- Study of Environmental Engineering
- CADLAB-1
- Working on software like STAAD Pro, STRUDS, GEO-Setc
- CADLAB-2
- Working on software like Primavera, Surveying software, transportation software etc

### CISCO Network Academy

The Institute has an in-house academy to provide students training and hands-on experience on the functioning and working of switches and routers. Once the student is well-versed with it, they appear for the CCNA Certification. This gives the students to acquire professional certification along with their professional degree.

### ARISE – Aricent Skills for Employability

ARISE is a corporate social responsibility (CSR) initiative to create greater employability opportunities for college students. The skills will range from basics like SDLC methodologies, to programming languages like JAVA, and database management languages like SQL, API creation through JDBC, project design, and software testing. The candidates will be assessed on the NDSC- SSC NASSCOM Qualification Packs (QP) and certified for the relevant job roles, further enhancing the chances of employment.

### EC - Council

EC-Council has recognized GNIOT as an Accredited Training Center meeting strict standards of excellence for delivering instructor-led training. The EC-Council ATC network is the premier channel for delivering high-quality EC-Council information security related training to businesses and industry professionals.

### ICT Academy

GNIOT has signed a MoU with ICT Academy, which is an initiative of the Government of India in collaboration with the State Governments and Industries. ICT Academy is a not-for-profit society, the first of its kind pioneer venture under the Public-Private-Partnership (PPP) model that endeavors to train the higher education teachers and students thereby exercises on developing the next generation teachers and industry ready students.

## TRAINING & PLACEMENT CELL

“EDUCATE FOR EXPERIENCE AND  
STUDY FOR KNOWLEDGE IS THE  
DEFINED PATH FOR SUCCESS”

The training and placement cell at GNIOT was instated with a vision to excel and to create a global opportunity for every student and ensure that his/her skills are properly identified and oriented in the right direction.

The objective of this cell is to ensure zero

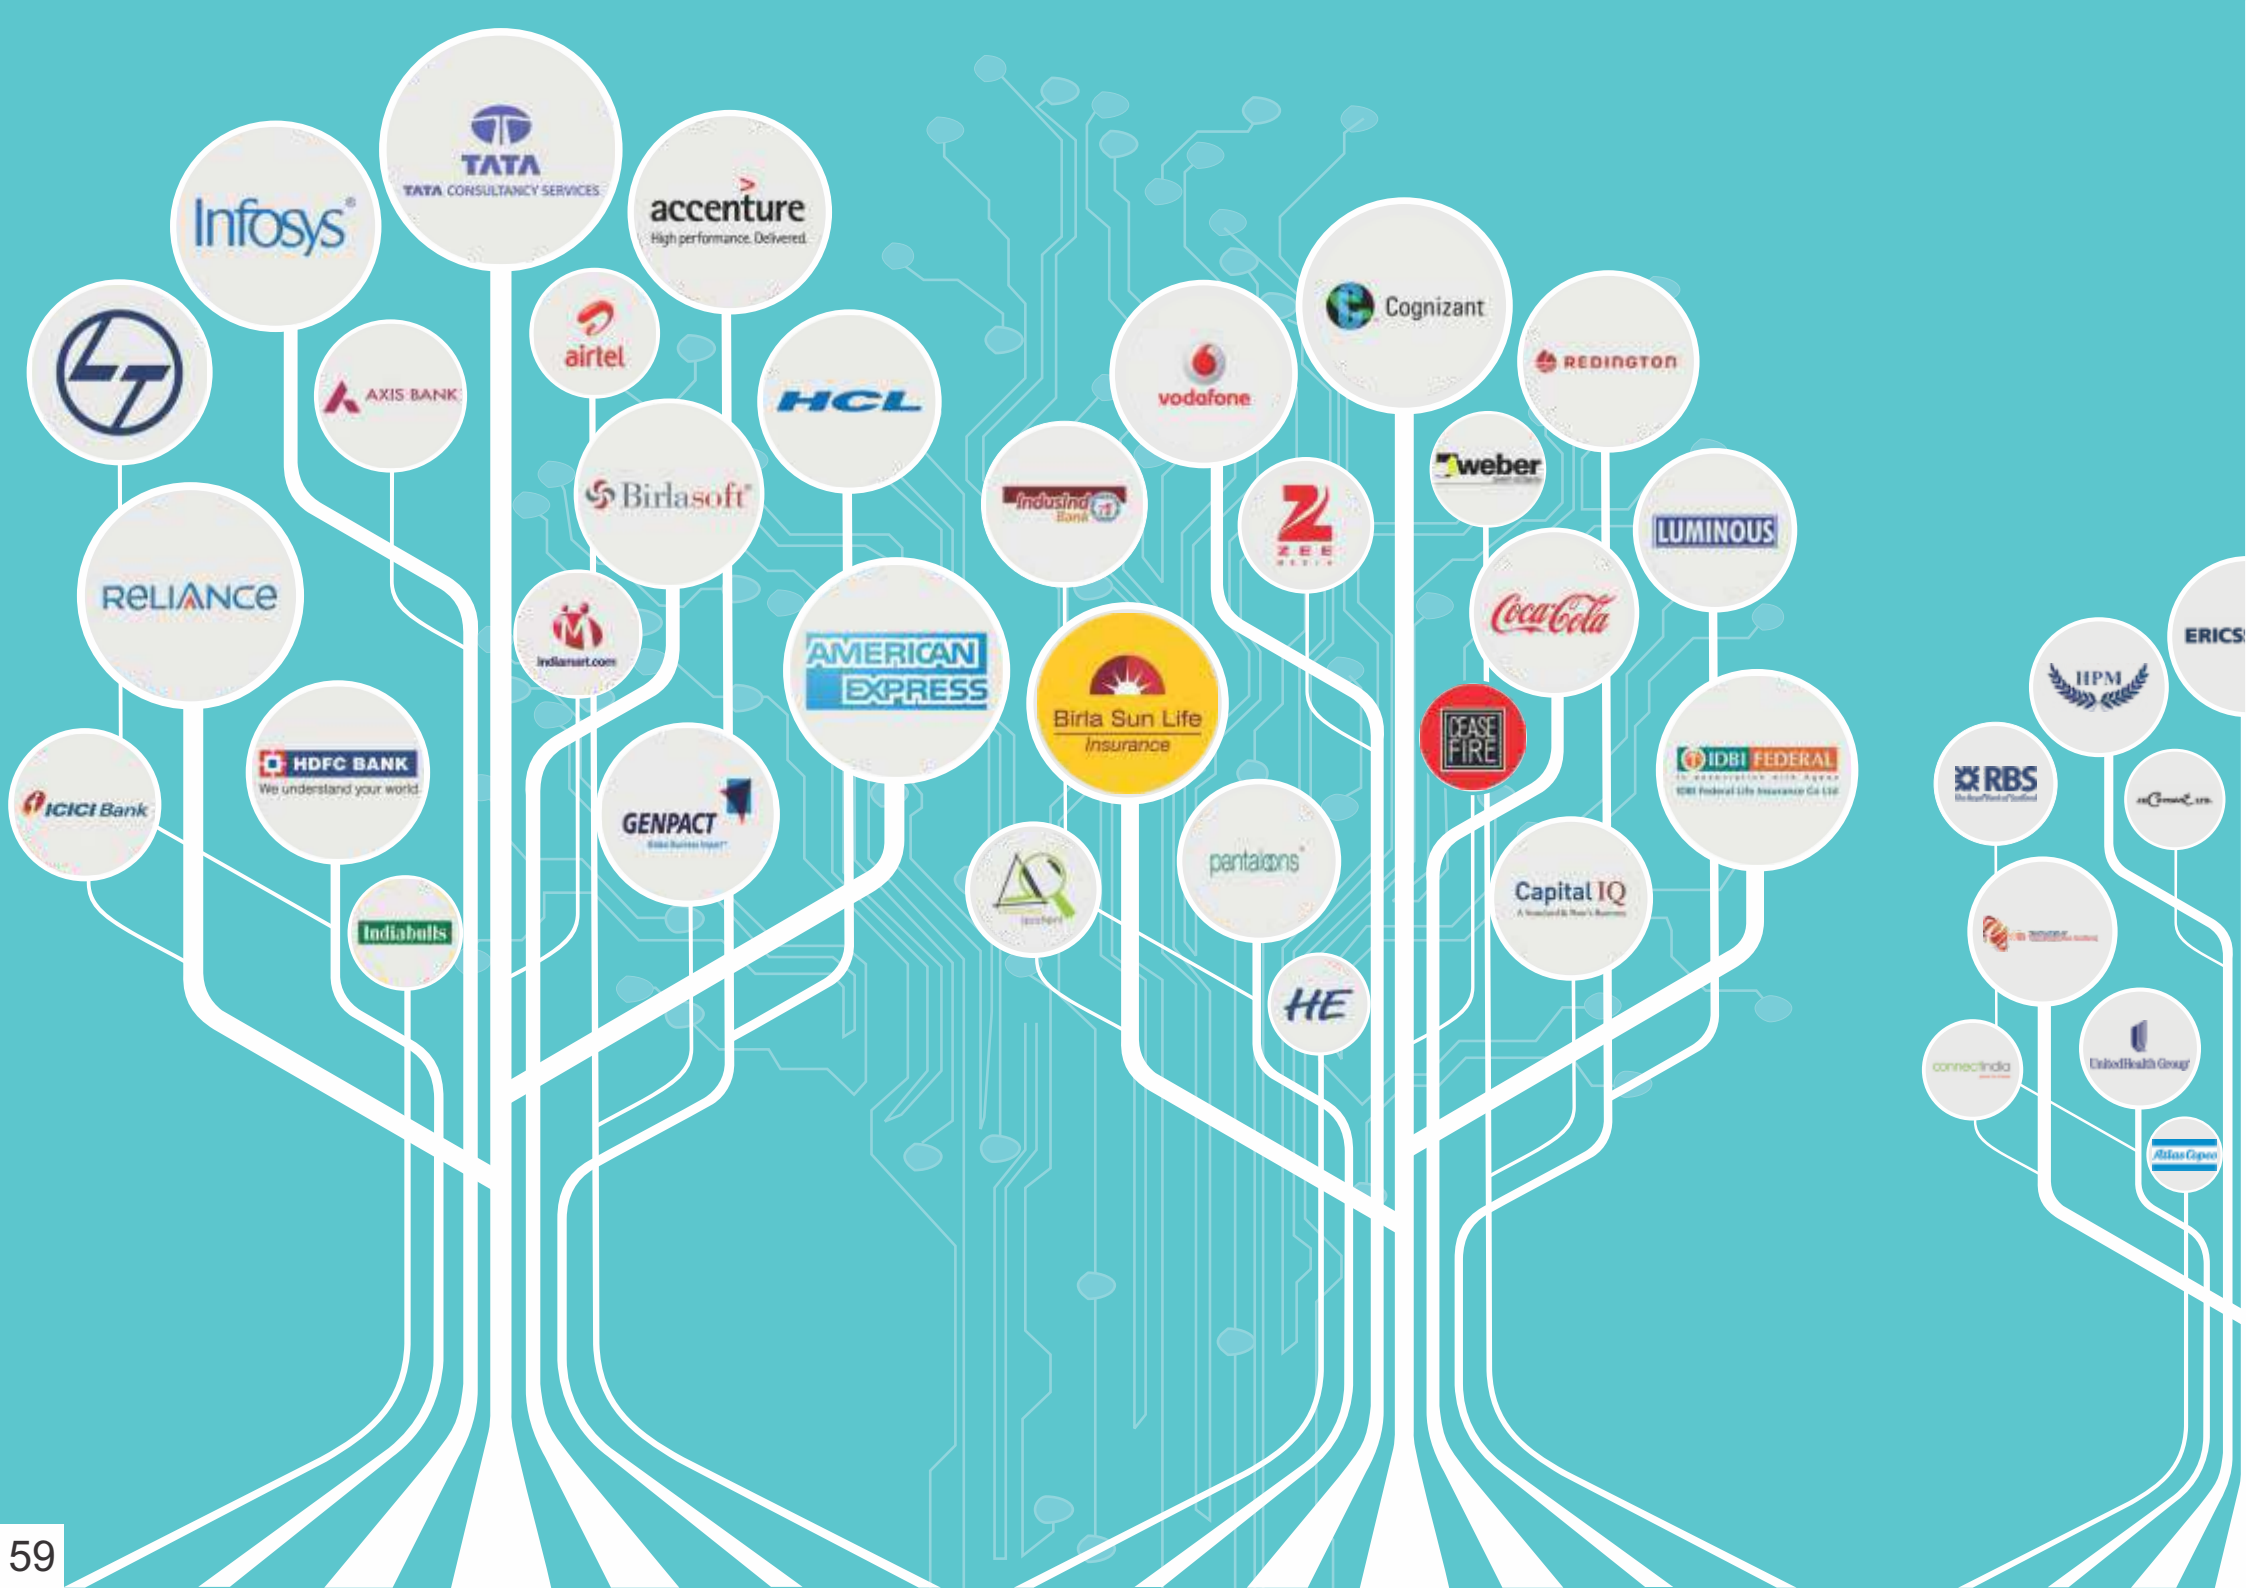

defects with respect to quality management, speed and innovation; and the transformation of students into self-directed, focused and high performance individuals. It also aims to provide a platform for holistic development of students.

Meticulous efforts are taken by the cell to ensure that the students are recruited by top-notch companies in the industry. The cell functions under the leadership of the Placement Head, faculty representatives and coordinators from each and every department. The ultimate aim is to achieve 100% placement. Reputed instructors are hired to provide training for aptitude tests, group discussions, preparations for Technical and HR interviews. This training grooms our students to face the campus interviews with confidence.

It also trains students to tackle technological and managerial challenges in the corporate world. The department employs innovative learning processes which involve specialized training, counseling, evaluation and feedbacks. It operates in a highly organized manner carrying out several different tasks in tandem.

The end result is that the students are empowered for a lifetime of professional and personal excellence; students who are consistent and committed to their professions; students who are leaders; students who can be tomorrow's pioneers; students who are confident to fulfill their dreams; students who are equipped to handle the challenges of both professional and personal life.
