AN EFFORT MADE FOR YOU

Dr. Jagannath Patnaik, our accomplished vice chancellor, and Master Satyam Chettri, the president of the students' council, and his team of council members are dedicated to cooperating and working for the best possible student experience at ICFAI. They sat down to talk about everything ICFAI-related.

VC: In three words, how would you sum up The ICFAI University?

Satyam: Wonderful, diversified, and compassionate. Additionally, I'd add "welcoming," "innovative," and "sustainable."

VC: How did it all begin for you?

Satyam: As a student contemplating what to do with my life, I was a pretty anxious person.

ICFAI University appeared when I googled "Top University of Sikkim," and I decided to visit the campus. As a result, I arrived and instantly fell in love with the picturesque campus, which was surrounded by cherry blossoms at the entrance and a tranquil setting away from the bustle and noise of the city. In that instant, I felt at home.

VC: At the university, we place a lot of emphasis on practical learning. Why do you believe it is so crucial as a student at this university?

Satyam: Although I don't believe it is the only effective way of learning, I believe that education tends to become locked in a fairly linear approach of doing assessments. By using a practical learning approach, we not only make education accessible to all sorts of learners, but we also permit a different style of working that is applicable to the real world. These are the main skills I have acquired while here.

VC: I concur wholeheartedly. In addition to preparing you all for the workforce, this practice-based, genuine learning helps every student learn more about themselves, develop their abilities, identify their passions, and grow as individuals.

VC: What has shocked you the most while you've been here?

Satyam: The real concern that practically everyone in the university has for one another is what I've found to be most encouraging. I didn't know anyone when I arrived, but I left with lifelong friends. I have really grown and developed because of the folks I have met here.

VC: What does attending The ICFAI University entail?

Satyam: When we enter a place, we instantly feel like we belong there, no matter who we are. As unique people with our own aspirations, passions, abilities, and weaknesses, we are accepted and included. Personally, I was given limitless chances to interact and work with others. It serves as a hub for inclusive and varied learning. Just being here allowed me to increase my knowledge.

MESSAGE FROM THE VICE CHANCELLOR

Welcome to Sikkim's
The ICAI University!

We are really happy that you have decided to join our organisation and we are anticipating the contributions you will make to our university. The ICAI University honours talent, not background, and offers our students an extraordinary education that gives them the knowledge, experience, and self-assurance needed to realise their full potential. The university has a long tradition of innovation, excellence, and aspiration.

You might have some questions or worries as a new student, but you can rest assured that we are here to help you at every turn. We offer a variety of options, such as academic counselling,

tutoring, and extracurricular activities, to support your success.

We're constantly working to make The ICFAI experience better, and our campus now has contemporary social learning and study facilities. These significant improvements add to our current on-site amenities, which include a theater-style auditorium, on-site multi-cuisine food courts, a moot court, a calm environment, and numerous facilities meeting the needs of all learners.

You're about to make a very exciting and significant choice about where you want to attend school, so we're thrilled you're thinking about coming to study with us at ICFAI. I hope your studies go well,

and I'm looking forward to seeing you around campus soon.

We want you to seize every opportunity that comes your way, both within and outside of the classroom. We have events for everyone, whether you enjoy sports, music, or other things.

We are eager to get to know you and wish you the very best during your stay at ICFAI. Please do not hesitate to contact any of our staff members if you have any questions or concerns.

All the best for a productive and pleasurable stay at our institution.

With warm regards,

Dr. Jagannath Patnaik,
Vice Chancellor.

The thing that matters the most is, everyone have a right to choose a place where they can feel right.

The ICFAI Group

Pioneering professional education for over 35 years

ICFAI was established in 1984 as a not-for-profit society with the broad objective of empowering citizens through world class quality education. The Institute announced its arrival into the Indian education fora by launching a high end, innovative professional program in financial analysis in 1985. The Program was first-of-its-kind in India, aimed at equipping students and working professionals with latest trends with knowledge in contemporary areas of finance. Since its establishment, ICFAI Group has made a significant mark in the Indian educational arena with a Pan-Indian network and presence.

Innovation has been the mainstay of ICFAI Group with its prevalence in its programs and even its culture. Subsequently, there was a big leap when ICFAI Group started its chain of business schools (IBS) across India in 1995 to offer management program. Since its inception, ICFAI Business School (IBS) has been consistently ranked among the top ranked B-Schools of India providing excellent academic delivery and infrastructure to its students and transforming them into leaders for the future.

Another example that is a testimony to the culture of innovation is the introduction of Case Study methodology at IBS. The Case Research Center at IBS has become a center of excellence and has won several accolades across the world.

ICFAI Group has 2 Strategic Institutional Units, the ICFAI Universities and the ICFAI Business Schools. In all the programs offered across these units, the emphasis is on adherence to academic rigor and differentiated curriculum that bridges the industry-academia gap.

ICFAI Group focuses on learning rather than instruction. In addition, the institute is engaged in important areas of research covering environmental sustainability, agricultural economics, health policy, financial economics, banking, intellectual property rights etc. There have been path-breaking research and good quality publications in these areas.

Flexible and tech enabled learning also plays an important role in ICFAI's teaching methodology. The delivery takes place with the use of hi-tech learning management system at campus programs and content delivery for distance learning through online medium.

ICFAI Group practices the value of academic integrity at all levels. As a policy, admissions are purely based on merit and there is nothing like capitation fee et al. The fee payable is published in the application material and that remains unchanged.

The ICFAI Group's culture of teaching and learning supports and fosters intellectual and personality development among its graduating students. They carry an attitude of ownership of their work. ICFAI Group strives to make the students - DOERS. The programs are designed such that the students & professionals graduating from the institution have the ability to take risks, make decisions and own the work. ICFAI Group system, strongly believes in developing an 'entrepreneurial mindset' among its graduating students.

At ICFAI, students inculcate research and analytical orientation due to its institutional strength and support for the research and development activities. Holistically, the student undergoes a transformative change.

The alumni of ICFAI Group are working in renowned companies world-wide. Collectively, ICFAI Group alumni contribute significantly to the growth story of India.

N J Yasaswy
(1950-2011)

Founder's Profile

Mr. N. J. Yasaswy (1950-2011), founder of the ICFAI Group of educational institutions and a pioneer in promoting higher education in the private sector had a brilliant academic career: B.Com (Andhra University 1969 – First Rank), CA Inter (May 1971 – First Rank), CA Final (May 1973 – First Rank), ICWA Inter (July 1970 – First Rank) and ICWA Final (July 1972 – First Rank). He was the recipient of the Basu Foundation Award for the Best Student of the Year from both – The Institute of Cost and Works Accountants of India (in 1972) and The Institute of Chartered Accountants of India (in 1973).

During 1974-1980, Mr. Yasaswy was associated with the Administrative Staff College of India as a Faculty Member. In 1981, he started his consultancy firm, Yasaswy Management Associates Private Limited, Hyderabad.

Mr. Yasaswy was appointed by the Government of Andhra Pradesh as Chairman, Andhra Pradesh State Trading Corporation (1985-88), and Vice-Chairman, Public Enterprises Management Board (1986-88). He was a visiting faculty member at the Indian Institute of Management-Ahmedabad (1986-88) and was nominated as a Member on the SEBI Committee on Accounting Standards. He was a member of the Board of Directors of the Association of Certified International Investment Analysts (ACIIA), Switzerland. He authored several books on finance and investments.

Mr. Yasaswy set up the ICFAI as a single institute in 1985 without governmental sops or institutional funding, in an era where government support was the norm. He chose to spend all his energy on the fledgling institution which over the years grew to become a monument to what ambition can deliver. He was instrumental in building several business schools and universities in the developing states of India, particularly in the North-East region. He stood for professional management, excellence in the quality of education offered in the ICFAI institutions, and absolute discipline.

He was charismatic, a great teacher, an institution builder, a visionary and a genius who was years ahead of his time. His vision will continue to guide ICFAI forever.

SIKKIM IS OUR CAMPUS

One of the biggest and best multifunctional institutions of higher education in the nation is the ICFAI University, Sikkim, which is part of the active ICFAI Foundation for Higher Education. In accordance with the laws of each state, ICFAI has already established ICFAI Universities in the following states: Uttarakhand, Tripura, Sikkim, Mizoram, Meghalaya, Jharkhand, Nagaland, Rajasthan, Chhattisgarh, Himachal Pradesh, and a Hyderabad-based recognised institution. Together, the 11 universities, 9 business schools, 8 law schools, 7 technical schools and three decades of flexible learning offered by our ICFAI Group are dispersed around the nation, with the majority of them located in India's north-eastern region.

The Sikkim campus of ICFAI University is dedicated and driven to promoting both the provision of high-quality education and the overall development of society. Due to our location, which makes SIKKIM the best education hub in the Northeast, there are a ton of opportunities for you to go on adventures and learn new things outside of the classroom. We invited our students to share their favorite aspects of studying and living in Sikkim because of the state's lively culture, countless opportunities, diverse flora and wildlife, and famous entertainment.

I consider it a tremendous blessing that The ICFAI University Sikkim is situated in the centre of Gangtok, where there are so many interesting sights to see and fantastic shops. I purchase my favorite sweets and savory items from the shop close to where I stay. I really feel at home here. My friends and I enjoy picnics in the lovely parks close to our university on the weekends and throughout the summer while studying for examinations. I like the holiday bars with live music and food stalls in the winter. Since I began studying at ICFAI, eating hot momos that are so deliciously produced in Sikkim has been a tradition for me.

Lhamu Tshring Tamang

I like Sikkim, and it has always been a desire of mine to continue my education there. Sikkim has many attractions that residents can take advantage of while residing here. Beautiful Gardens, home to some of the state's most unique plants and animals, and with a view of the towering Mount Kanchenjunga, is without a doubt one of my favorite places in Gangtok. Nobody leaves Sikkim without a truckload of fun and priceless memories.

Sange Dondrup

A multicultural centre, SIKKIM is home to people from all walks of life. I was born and raised in SIKKIM, and I enjoy learning about this unique State. South Sikkim is one of my favorite destinations to travel, where I enjoy touring the numerous Temples and Monasteries as well as other cities in different districts to taste new delicacies and cuisines. Dussehra and Diwali are fantastic times to travel since they are celebrated with beautiful decorations. Chardham, Namchi, in SIKKIM, is my favorite station. It is an incredibly unusual location because it is surrounded by historical structures and statues. No matter how many times I go along Tsongmo Lake and take in the scenery, I never cease to be in awe of the beauty when it is snowing.

Gungun Sharma

Visit www.iusikkim.edu.in to see more photos of our students having fun at The ICFAI University and Sikkim.

STUDENTS' COUNCIL

Increase the experience of your students

Leadership development encompasses not only academic activities and community service projects, but also the in-depth discussions and teamwork that go into making a student council success possible. Your ability to collaborate and operate as a team with the ICFAI Student Council is your Unity. Join and volunteer to support the advancement of the university. We have a general Student Council Representatives made up of the President, Vice President, General Secretary, Sports Secretary, Cultural Secretary, Literary Secretary, and Grievance Cell Secretary who contribute to the overall educational growth of all students in the school in all spheres of assistance and serving as a voice for all University students.

There is also a chance to get involved right away at ICFAI to provide a forum for student opinions, interests, and desires so that these may be understood by the entire student body, faculty, administration, and community of ICFAI. This will help each person develop a sense of personal responsibility and earned self-respect by fostering harmonious relationships between faculty, administration, and the student body and working together in the interest of the greater good.

We want to improve students' life at the Students' Union. In order to improve your student experience, we reflect your opinions and needs while cooperating with the university.

Everyone can find something to do in the Students' Union. We look forward to having you join one of our clubs or society, help with our environmental team, or simply have a cup of tea in the Union. President Satyam Chettri

EMPLOYMENT AND VOLUNTEERING

There are numerous volunteer and career options available at ICFAI, so you can benefit from your time at school in ways beyond earning a degree. Take up a student staff position to expand your knowledge and experience. For example, you may join Digital Crew to learn how to create social media material, or you could become an academic representative to develop your leadership abilities and influence how your course is run. We provide our pupils internship opportunities, so they can benefit from incentives there. When a blood drive is taking place, good Samaritans can also donate blood in an emergency to help the less fortunate.

THE HUB OF IT ALL THE ICFAI HAS

- State – of- the – art Infrastructure
- Wi-Fi enabled campus and e-library
- Multi-Cuisine Food Court
- Extensive Internship Programs
- Case based pedagogy
- Moot Court
- Workshops/ Seminars on latest technologies
- Industry- Academic Partnerships
- Computer labs
- Industrial Visits for real time experience
- Course Structure
- Soft Skills Training

Our campus, which is in a nice, clean environment, includes meeting rooms and amenities for students. Spaces for hospitality and group learning that are practical. With separate boys' and girls' hostels, one may relax into our student housing, which has something cosy and ideal for everyone.

Come hear some of the opinions the students have:

“ICFAI was the best decision I could have made because the teachers and community there were so helpful in removing my obstacle and making me achieve more than a degree. “I was worried about picking the wrong subject and studies started becoming boring to me, but as I soon realized, coming to ICFAI was the best decision I could have made. I’m now overjoyed to be a member of the ICFAI family, and I’ll always be proud of it!”

Deesha Ghosh

“I am the first person to travel from my hometown of Arunachal to study in Sikkim. I initially experienced a great deal of anxiety because the surroundings were unfamiliar to me, but my university community provided me with a ton of support. I now have a lot of self-confidence and assist freshmen when they enroll in the university.”

Sakshi Kumari

IT ALL STARTS IN SIKKIM

A fusion of possibilities and potential:

In Sikkim, there are numerous universities that provide education. The ICFAI University is built on ambition, with members who are modest and who have higher expectations for both the academic and general advancement of the students. Sikkim is the epicenter of numerous industries, including business, finance, technology, law, politics, media, design, culture, science, and creativity. Our university allows students to take advantage of this by providing placement and internship opportunities as well as guest lectures from relevant industry experts.

We will provide you with chances, such as local and national travel and your employability, to help you improve and progress along the road. to offer you an advantage after your studies are finished.

It is the finest venue to meet potential employers and obtain worthwhile experiences that will jump-start your career because of the endless options. Spend money on your academic career and make the most of your time at The ICFAI University.

MORE THAN A DEGREE

We encourage practical experience that will provide you the know-how, contacts, and connections to build the profession you want by preparing you for the future. You can be certain of the direction your career will follow or unsure of where it will lead. We'll support you every step of the way as you face your concerns, uncover your goals, and explore your prospects.

GRADUATION FOR ALL

Firsts happen at ICFAI. The majority of our students are from the Northeast and come from local, national, and international backgrounds. They adore the university's diversity. This is so that we may successfully provide transformational education to individuals from various backgrounds.

Because we place a strong emphasis on practical experience, where you may develop connections and complete your degree with a job, we recognize that degrees are a substantial investment for you and are committed to ensuring that you benefit from them.

Personal instruction

We assign you a private tutor who will get to know you well and help you all the way through your degree. Our Careers and Employability Service collaborates with a substantial, continuously expanding network of outside organizations that offer employment possibilities, options for work-based learning, events, and industry insights. They can assist you in navigating the working world and determining what kind of profession would be best for you.

YOUR POSSIBILITIES

- Develop your professional skills with our network of companies and recruiters.
- Connect with our professionals and get mentored by those in the know. • Volunteer locally and internationally through one of our academic and industrial partnership programs.
- Participate in our skill-building workshops.
- Take advantage of all the chances that are offered to you to extend your personal and intellectual horizons, explore national and international opportunities, and more.
- Take advantage of possibilities for work-based learning to get priceless experience.

I've learned from my studies at ICFAI that I am more than what the world expects of me. It is beyond great for my academic development to witness positive outcomes and increased topic understanding. I can now rest well knowing that The ICFAI University will benefit greatly from my efforts.

Gyamar Ayo

**Every journey is unique.
At ICFAI, there are
numerous options to
obtain a degree.**

All applications from applicants worldwide are accepted at ICFAI. You can complete the degree to help mould you and your job once you've applied.

COURSES

AT THE ICFAI UNIVERSITY, SIKKIM

Get the World Experience

We provide a variety of experience choices, such as:

- Faculty field trips;
- ICFAI Working Cultures: a brief opportunity to explore working cultures in several of the world's largest cities;
- National and international internships; volunteering; semester- and year-long local and national work- and study-related placements

ICFAI strives to provide every student with the education they desire on a genuinely global scale.

IMPLEMENT WHAT YOU LEARN

We put a lot of focus on practical learning along with theoretical components, ensuring that students have access to and can use facilities that are up to industry standards to put their learning into effect. In order to maximize your experience at ICFAI, we are constantly investing in and improving our facilities. What to expect is shown here in a nutshell:

A wide variety of books, periodicals, DVDs, and other specialized materials are available in our libraries. Across all of our library locations, there are many different possibilities for study spaces. To suit your needs for study and research and to assist you in using them, our specialized team collaborates with academic partners to create physical and online collections.

LABORATORIES

Access our cutting-edge research facilities. The newest technology and tools have just been added to the computer laboratories. Experience firsthand our facilities.

Auditorium in the Theater Style

We have an auditorium designed in the theatre style that is utilized for all forms of formal assemblies, including lectures, award presentations, plays, musical theatre shows, concerts, dance contests, and more for our students.

Accommodations for students

The first time you live away from home can be intimidating, but living with other students close to the institution can make you feel completely at home. We provide separate dorms for boys and females next to our university campus, complete with the security and amenities required.

Living in a residence hall is a social experience that involves more than just having a place to lay your head at night thanks to common areas and communal kitchens.

ALTERNATIVES

ICFAI collaborates with a number of top-notch private hostel and paying guest providers who provide lodging for its visitors around Sikkim. Therefore, there are numerous living options available to suit the needs and preferences of students.

THE ICFAI IS A WARM PLACE FOR EVERYONE!

No matter where you are from, feel welcome: Whether you've moved to Sikkim from another state or nation to attend ICFAI for your studies, or you've lived in Sikkim your entire life. We do everything we can to make you feel at home and supported in the vibrant centre of life that is ICFAI.

PROGRAM FOR WELCOME

New students will learn about studying and living at ICFAI through a varied schedule of events. It gives the opportunity to get to know the ICFAI staff and family as well as other new students. In addition to learning about our facilities and goals, one can navigate the University and Sikkim.

ASSISTANCE FOR GLOBAL STUDENTS

You can enroll in a variety of extra classes to help you with your academics, such as Academic English, study skills training, and training. If you need more time to prepare before starting your studies at ICFAI, we offer a pre-session English program and an international foundation course.

"I've never gone on a trip or lived apart from my folks. If I said I hadn't doubted my ability more often than I'd care to admit, I'd be lying. I really enjoy studying at ICFAI because of how warm and friendly the environment is. It's nice that everyone is so supportive and friendly, and our vice chancellor and the professors make a strong team."

ICFAI UNIVERSITY AND YOU

GOOD HEALTH AND SUPPORT

While we hope you enjoy your stay at ICFAI, we are aware that sometimes life interferes. Because of this, we have a fantastic support system that can assist you when you need it the most. Whether it be counselling, financial guidance, or assistance with learning.

EDUCATION SKILLS

Through one-on-one sessions and skill seminars, our experts can help you build academic skills like essay writing or public speaking. Additionally, we give our students free access to Microsoft Office and Adobe program training.

ADVICE ON COUNSELING AND MENTAL HEALTH

If you are having problems with your personal life or your studies, talk in confidence to our trained counsellors and mental health specialists. You can get support both individually and in groups, and sessions are offered all year long to assist you in managing university life.

STUDENT HEALTH

Our goal is to provide you with the support you need to perform well, be engaged, and enjoy your academic and personal journey. On a variety of subjects, including general well-being, homelessness, better lifestyles, accessing university resources, and outside support services including mental health, counselling, and sexual health services, our wellbeing consultants can offer private information and assistance.

SPIRITUALITY AND BELIEF

We continue to support our students' spiritual growth and regularly offer yoga and meditation programs. We provide a supportive setting where people can reflect together in an atmosphere of candor and transparency. We regularly or occasionally offer possibilities for private communication, especially during trying times.

OCCUPATIONS AND CAREERS

You can get assistance from our Careers and Employability Service both during your academic career and for up to three years following graduation. Additionally, we can help you network with employers and find on-campus part-time jobs, internships, work placements, and volunteer opportunities.

GRADUATE TO ATTEND OUR ALUMNI CLUB

You will be eligible for a number of advantages and services as an alumnus, such as:

- Discounts on additional education.
- Committed career help from the university
- Invitations to events.
- Use of online workshops and webinars.
- Mentorship from experts in your field.
- A free Alumni Card that grants access to campus libraries and university facilities, among other privileges.

OUR COMMUNITIES

ICFAI undergraduate degrees are just the start of what you can mention on your resume. Additionally, you will be able to gain experience and professional abilities that will make you stand out from the competition.

Because of Sikkim's excellent position, you may network with both international and domestic businesses, many of whose headquarters and branches are there.

Recent career prospects for our graduates have included:

- Amazon,
- HDFC,
- Reliance,
- Microsoft,
- Pearson,
- Transport for Sikkim, and many more leading state and national institutions and industries.

Visit ICFAI for more information!

OUR COURSES

The pages that follow provide a brief overview of our courses, but they don't tell the complete story.

On our website, www.iusikkim.edu.in, you can find more information about the course content, opportunities, and the most recent entry requirements.

You can find opportunities built into your program, such as job placements and study abroad options, by using the key below. However, subject to course leader clearance, all ICFAI students do have access to overseas opportunities and placements.

Program Outcome:

- Develop an understanding of the concepts of Organizational Behavior.
- Personality: Types, Factors influencing personality.
- Students will be able to plan kitchen operations. Students will be able to prepare budget for the kitchen.
- By the end of the semester students should be able to demonstrate knowledge and explain about the various activities of the personnel department in the Hospitality industry. Students should be able to understand and explain the selection and recruitment process of the Hospitality industry
- Students will be able to classify these diverse alcoholic beverages in detail. Students will be able to appraise the making process of these various alcoholic beverages. Students will be able to demonstrate service of various alcoholic beverages along with food harmony.
- Communication: Communicate effectively on hospitality activities with the professional community and with society at large. Some of them are, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions
- This is a Four year Bachelor's Degree program that gives the candidate a platform to Pursue Masters in Business Administration, with a specialization in Marketing, Human Resources, Finance and Hospitality. Alternatively, depending upon the candidate's potential, specialization areas of Supply Chain Management and Retail can also be opted.

Category of courses	Objective/Outcome
Languages	Languages provide the medium of fresh and free thinking, expression and clarity in thought and speech. It forms as a foundation for learning other courses. Helps fluent communication. In addition to English, a candidate shall opt for any of the languages studied at the Pre-University or equivalent level.
Ability Enhancement Courses	Ability enhancement courses are the generic skill courses which are basic and needed for all to pursue any career. These courses ensure progression across careers. They enable students to develop a deeper sense of commitment to oneself and to the society and nation largely.

Skill Enhancement/ Development Courses / Vocational courses	Skill Enhancement courses are to promote skills pertaining to a particular field of study. The purpose of these courses is to provide students life-skills in handson mode so as to increase their employability/ Selfemployment. The objective is to integrate discipline related skills in a holistic manner with general education. These courses may be chosen from a pool of courses designed to provide value-based and/or skill-based knowledge. The University can suggest its own courses under this category based on its expertise, specialization, requirements, scope and need.
Foundation/ Discipline based Introductory Courses	Foundation /Introductory courses bridge the gap for a student if he/she has not got a basic groundwork in a specific area of discipline. These courses will supplement in better understanding of how to integrate knowledge to application into a society.
Major Discipline Core Courses	A Major discipline is the field in which a student focuses during the course of his/her degree. A course in a discipline, which a candidate should compulsorily study as a core requirement is termed as a Core course. The core courses aim to cover the basics that a student is expected to imbibe in that particular discipline. They provide fundamental knowledge and expertise to produce competent, creative graduates with a strong scientific, technical and academic acumen. These courses are to be taught uniformly across all universities with minimum deviation. The purpose of fixing core courses is to ensure that all the institutions follow a minimum common curriculum so that each institution adheres to a common minimum standard which makes credit transfer and mobility of students easier.
Major Discipline Elective Courses	Elective Course is a course which can be chosen from a pool of courses and which may be very specific or specialized or advanced or supportive to the discipline/subject of study or which provides an extended scope or enables an exposure to some other discipline/ subject/ domain or which nurtures the candidate's proficiency/skill. Elective courses offered under the main discipline are referred to as Discipline Specific Electives. These courses provide more depth within the discipline itself or within a component of the discipline and provide advanced knowledge and expertise in an area of the discipline. The institutions have freedom to have their own courses based on their expertise, specialization, requirements, scope and need. The elective courses may be of interdisciplinary nature
Minor Discipline Courses	A Minor Discipline is a secondary specialization that one may choose to pursue in addition to a Major Discipline. They may be related areas of studies or two distinct areas of studies which are not interrelated at all.
Open or Generic Elective Courses	Open or Generic Elective Courses are courses chosen from an unrelated discipline/ subject, with an intention to seek exposure beyond discipline/s of choice. The purpose of these is to offer the students the option to explore disciplines of interest beyond the choices they make in core and discipline specific elective courses. Note: A core course offered in a discipline/subject may be treated as an elective by other discipline/subject and vice versa and such electives may also be referred to as Open or Generic Electives.
Project work/ Dissertation/ Internship/ Entrepreneurship	Project work is a special course involving application of knowledge in solving / analysing / exploring a real life situation / difficult problem/ data analysis. Project Work has the intention to provide research competencies at undergraduate level. It enables to acquire special/ advanced knowledge through support study/a project work. Candidates shall carry out project work on his/her own with an advisory support by a faculty member to produce a dissertation/ project report. Internship/ Entrepreneurship shall be an integral part of the Curriculum
Co-curricular and Extension Activities	These activities help in character building, spiritual growth, physical growth, etc. They facilitate development of various domains of mind and personality such as intellectual, emotional, social, moral and aesthetic developments. Creativity, Enthusiasm, and Positive thinking are some of the facets of personality development and the outcomes of these activities
Year	BHM
1st year	Digital Fluency/ Creativity and Innovation
2nd year	Artificial Intelligence/ Critical thinking &problem solving
3rd year	Cyber Security/ Entrepreneurship
4th year	Professional Communication / German / French/

Program Outcome

- To imbibe gender sensitivity and the sense of social responsibility for self and community for the benefit of the society.
- The students will be able to apply theoretical knowledge to make a critical analysis, intervene using innovative frameworks and evaluate and follow up.
- Students will be engaged in continuous learning for professional growth and development.
- Students will be able to apply for National Eligibility Test (NET) and State Eligibility Test (SET) which will provide them an opportunity to apply for positions such as Assistant Professors in colleges.
- The students after completion of the program will be able to directly apply of PhD Program.
- The students will be able to apply their knowledge of Literature, theories, research and skills in different fields of literary practice.
- To provide flexibility to students so that learners have the ability to choose their learning trajectories and programs, and hereby choose their paths in life according to their talents and interests.

		Principle of Economics		English Language and Skills				Handloom
SEM – II	IDC-II	Math-II	AEC-II	Academic Reading and Writing	SEC-II	Numerical Aptitude and Reasoning	VAC-III	Understanding India Constitution of India
		Fundamental of Accountancy		Modern Indian Language				Graphics and Design

Program Outcome

- To learn the latest trend in various subjects of IT.
- To Design and develop small applications and solve the IT related problems.
- To equip the students with skills required for designing, developing application in IT.
- To analyze numerical and logical problems.
- Students may opt for employment opportunity as Junior Developer and Front End Developer

Exit Option

Student who completes two semesters including Internship Program I with 46 credits will be awarded as Certificate in Computer Applications. If student wish to continue further after exit, then he/she has to join within three years of exit from Third Semester. For example, if student exit in June 2023 then he / she can rejoin the course within Aug-2026 session.

Continue Option

Students who wish to continue for Second Year is exempted from doing Internship Program I.

SECOND YEAR	Semester III			Semester IV		
	Subject Code	Subject Name	Credits	Subject Code	Subject Name	Credits

Inter Disciplinary Course (IDC)		Ability Enhancement Course (AEC)		Skill Enhancement Course (SEC)	
IDC-III	Principle of Management	AEC-III	Soft Skill	SEC-III	Digital Marketing
	Organization Behavior		Public Speaking		Library and Information Science

Program Outcome

- To analyze problem and solve using effective algorithms.
- To Design and develop complex applications and solve the IT related problems.
- To equip the students with required skilled for handling different multimedia software.
- To develop dynamic website.
- To design and develop databases for various application.
- To understand, design and develop using standard software development principle.
- Students may opt for employment opportunity as Junior Developer, Front End Developer, Database Administrator / Designer and Software Developer.

Exit Option-

Student who completes four semesters including Internship Program II with 86 credits will be awarded as Diploma in Computer Applications. If student wish to continue further after exit, then he/she has to join within three years of exit from Fifth Semester. For example, if student exit in June 2023 then he / she can rejoin the course within Aug-2026 session.

Continue Option-

Students who wish to continue for Third Year has to do Internship Program II.

THIRD YEAR	Semester V			Semester VI		
	Subject Code	Subject Name	Credits	Subject Code	Subject Name	Credits
	CC- IX	Artificial Intelligence	3	CC-XIV	Big Data	3
	CC- X	ASP.NET	4	CC-XV	Data Warehouse and Data Mining	3

	MC-VI	UI/UX Design	4	MC-VII	Cloud Computing	3
	Total Credits		20	Total Credits		20
	Total Credits in Third Year		40	Cumulative Credits[FIRST YEAR + SECOND YEAR+THIRD YEAR]		126

Note:CC- Core Course, MC- Minor Course

Program Outcome

- To understand trends in AI and how it works.
- To understand and handle large volume of data.
- To Design and develop complex web applications.
- To perform software testing using valid principle.
- To design and develop professional applications.
- To analyze and design professional documentation.
- Students may opt for employment opportunity as Software Developer, Web Developer, Mobile Application Developer, UI/UX Designer and Software Developer.

Exit Option-

Student who completes six semesters with 128 credits will be awarded as Bachelor in Computer Applications. If student wish to continue further after exit, then he/she has to join within three years of exit from Seventh Semester. For example, if student exit in June 2023 then he / she can rejoin the course within Aug-2026 session.

Continue Option-

Students after completing Bachelor can either go for BCA Honors or Honors with Research if they maintain 7.5 CGPA till third year.

- To understand and handle large volume of data and apply various machine learning techniques.
- To understand the theoretical aspect of computing.
- To analyze numerical problems and write program for it.
- To understand and manage professional projects.
- To understand various research methodologies.
- To perform research in desired areas.
- Students may opt for employment opportunity as Software Developer, Web Developer, Mobile Application Developer, UI/UX Designer, Software Developer, Data Science Engineer, Machine Learning Engineer, Research Assistant, and Opt for PhD.

The MCA Program

The broad objective of the MCA is to prepare graduate students for productive careers in software industry by providing an outstanding environment for teaching and research in the core and emerging areas of the discipline. The program's thrust is on giving the students a thorough and sound background in theoretical and application-oriented courses relevant to the latest computer software development.

The Master's Degree Program has been designed with a semester approach in mind. The first year courses are aimed at skills development in computers using various technologies, and the second year provides the specialization and the project work.

Eligibility:

Passed BCA/Bachelor Degree in Computer Science & Engineering or equivalent Degree, OR passed B.Sc./ B.Com./B.A. with Mathematics at 10+2 Levels or at Graduation Level (with additional bridge Courses as per the norms of the concerned University).

Duration:

Two Years.

Program Structure:

The MCA program consists of 18 courses covered in four semesters spread over two years. Students are also required to do a research Project during 4th semester.

Students are also exposed to discipline specific elective courses in their respective field of specialization. The actual offering of electives will however, depend on optimal number of students opting for the same elective.

Master of Computer Applications (MCA)					
Semester I			Semester II		
First Year	SE I	Soft Skills-I	SE II	Soft Skills-II	
	CC 1	Software Engineering	CC 6	ASP.NET	
	CC 2	Advanced Database Management Systems	CC 7	Cloud Computing	
	CC 3	Advanced Computer Networks	CC 8	Python	
	CC 4	PHP & MYSQL	DE I	Discipline Elective-I	
	CC 5	Mathematics-II (Numerical Analysis to Software Approach)	DE II	Discipline Elective-II	
Second Year	Semester III			Semester IV	
	CC 9	Theory of Computation		RP	Research Project
	CC 10	Object oriented Analysis and Design (OOA & D)			
	CC 11	Design & Analysis of Algorithm			
	CC 12	Data Warehouse and Data Mining (DW/DM)			
	DE III	Discipline Elective-III			
	DE IV	Discipline Elective-IV			

AE-Ability Enhancement Course, CC-Core Course, SE-Skill Enhancement Course, GE- General Elective Course, DE-Discipline Specific Course, TH-Thesis Course Student has to opt only from each group given below:

Discipline Specific Electives(DE)	
DE I	DE II
Artificial Intelligence	Internet of Things (IoT)
Mobile Robotics	E-Commerce and M-Commerce
DE III	DE IV
Android Application Development	Big Data Analytics
Simulation and Modelling	Software Quality Assurance

The MBA Program

The MBA Program prepares the students with the knowledge, skills and strategic perspectives essential to business leadership and a managerial career in the competitive world.

The MBA Program is unique with contemporary curriculum, excellent infrastructure, emphasis on acquiring practical skills and establishing strong industry interface culminating in MBA graduates getting suitable placements and in their advanced studies.

Duration:

Two Years

Eligibility:

- Pass in Graduation in any discipline with 50% and above aggregate marks; Students awaiting their final examinations results can also apply.
- Scores of MAT & ATMA will be an added advantage.

Program Structure:

The Program covers 28 courses (apart from personal effectiveness and Soft Skills labs) spread over 4 semesters in 2 years. Students are also required to undergo a summer internship program of 12 weeks after year I.

Master of Business Administration (MBA)				
First Year	Semester I		Semester II	
	CC 1	Accounts for Managers	SE 1	Business Communication
	CC 2	Marketing Management- I	CC 8	Marketing Management- II
	CC 3	Quantitative Methods	CC 9	Financial Management-II
	CC 4	Financial Management-I	CC 10	Operations Management
	CC 5	Organisational Behaviour	CC 11	Human Resource Management
	CC 6	Managerial Economics	CC 12	Business Research Methods
	CC 7	Information Systems for Managers	CC 13	Legal Environment of Business
Summer Internship Program (SIP)				
Second Year	SEMESTER III		SEMESTER IV	
	SE 2	Soft Skills	SE 3	Entrepreneurship Development
	CC 14	Business Ethics & Corporate Governance	CC 16	Business Strategy II
	CC 15	Business Strategy I	CC 17	Management Thesis
		Elective-1		Elective-5
		Elective-2		Elective-6
		Elective-3		Elective-7
		Elective-4		Elective-8

Students can opt electives from any two specializations given below in Semester III & IV		
	Semester III	Semester IV
Marketing	Consumer Behaviour	International Marketing
	Marketing Research	Services Marketing
Finance	Strategic Financial Management	Portfolio Management & Mutual Funds
	Security Analysis & Portfolio Management	Insurance & Risk Management
Banking	Money & Banking	Commercial Banking
	Central Banking	Banking Service Operations
HRM	Strategic Human Resource Management	Recruitment, Selection & Training
	Industrial Relations & Labour Laws	Leadership Skills & Change Management
System Management	Computer Management	Business Data Communication
	RDBMS	Enterprise Resource Planning

CC-Core Course, SE-Skill Enhancement Course, SIP-Summer Internship Program

The MTTM Program

The Master of Travel & Tourism Management (MTTM) degree is a 2-year campus based program offered by the University. Master's program in Tourism and Travel Management is designed to produce senior management level tourism and travel professionals who with their expertise can serve both private and public institutions.

The program imparts candidates knowledge of the day-to-day working of the industry and the operations carried out at the management level. Candidates gain a practical view of the concepts and skills applied to crisis management, conduct market research as well as building sustainable tourism management through imparting real-life work scenarios. Candidates gain mastery over the tools which are applied in bookings and online management of services.

The study focuses on the different areas of tourism and travel industry. Dividing the curriculum into theoretical and practical aspects, students are given an in-depth knowledge of the operations carried out in the sector. Regular field studies and tours are arranged to impart a practical approach to the students, who get a hands-on experience in the industry in detail. The activities undertaken during the course study helps in instilling good communication and interpersonal skills in the candidates, so as to help them meet the expectations of the vast needs of the industry.

Master of Tourism and Travel Management course opens up lucrative opportunities for candidates in the sector of Hospitality, Travel, Administration, and Tourism. This program deems beneficial for students who wish to avail for the future research study in the field. Graduates can explore the areas of Tourism Department, Airlines, Hotels, and Travels after the successful completion of the program. The course aims to refine and polish the skills of the students making them proficient to take up future businesses in the sector of Travel and Tourism.

Duration:

Two Years

Eligibility:

Graduate in any discipline from a recognized University with 50% and above aggregate marks. Students qualifying Bachelor degree in Hotel Management (BHM) or Bachelor of Travel and Tourism Management (BTTM) with minimum aggregate of 50% and above will be an added advantage. Students awaiting their final examinations results can also apply.

Program Structure:

The MTTM program consists of 19 courses and a Post Graduate Dissertation in fourth semesters spread over two years. The students are required to take 4 Discipline Electives and 3 General Elective courses. The actual choice of electives will however depend on the optimal number of students opting for the same.

Master in Travel and Tourism Management				
First Year	SEMESTER I		SEMESTER II	
	CC 1	Tourism Concepts	CC 4	Travel Agency and Tour Operation Management

The BA-LL.B(Hons.) and The BBA-LL.B(Hons.) Programs

Faculty of Law offers 5 years full time BA-LL.B (Hons.) and BBA-LL.B (Hons.) Programs which are approved by Bar Council of India (BCI).

Duration: Five years

Eligibility:

Pass in 10+2 (any discipline) with 50% and above aggregate marks. Scores of Common Law Admission Test (CLAT), Law School Admission Test (LSAT) and the ICFAI Law School Admission Test (ILSAT 2022) will be given weightage. Students appearing for final examinations and awaiting results are also eligible for admission.

Applicants should not be more than 21 years of age as on the day of commencement of the program, i.e., August 29, 2022.

Note: Age restriction for Law Programs can be relaxed as per BCI guidelines.

Program Structure:

The curriculum is most contemporary and innovatively designed and developed in association with academicians and professional experts, and as per the guidelines of Bar Council of India. The programs are organized into ten semesters spread over five years. There are five legal internships programs after completion of every year.

BA-LL.B (Honours)				
First Year	Semester I		Semester II	
	AE1	English Language Skill	AE2	Environment Studies
	CC1	Approaches and Prospects of Social Sciences	CC4	Constitutional Government in India

ESSENTIAL INFORMATION

We are here to help.

In this section, you will find information on:

- How to Apply
- Fees and Funding
- Advice for the students
- Our Policies, terms and Student Charter
- Support we can offer (before and during your studies)
- How to find us

Any Further questions? Please contact us at info@iusikkim.edu.in or visit us at our campus.

GUIDE FOR ADMISSSION

You must submit an online application to the university admission department at iusikkim.edu.in for full-time studies.

Our University's Official Representative can offer guidance if you live outside of Sikkim.

If you live in the area, you can directly visit the campus at Lower Sichey, Ranka Road, 737101, and ask the career organization for guidance.

RULES AND POLICY FOR ADMISSIONS

Our website contains our admissions policy and guides. The purpose of the instructions is to inform applicants about how we handle applications and render judgements, as well as, for example, how to file a complaint if something goes wrong during the pre-application or application process. The terms and conditions for students who have been accepted into the University are also available.

Know more at: admissions@ICFAI.ac.in

INTERVIEWS

Many courses will base their decisions solely on your application form. A campus or online interview with the students may be part of the selection process for various courses, usually between December and April.

Entry Requirements:

On the relevant course page of this prospectus, you may find an overview of the entry requirements for each course. Please visit our website at www.iusikkim.edu.in for further details.

We will consider additional evidence of your suitability for a course in addition to your credentials; if we determine that you would be better suited for a Foundation Level Course at ICFAI or a partner institution, we will let you know.

LANGUAGE NEEDS

English is used as the language of instruction at ICFAI.

FOR APPLICANTS NOTES

Despite the fact that many of your questions will already be addressed in this Prospectus, on our website, or in the Guide for Applicants, we will gladly respond to any inquiries you may have regarding applications, fees, registration, or transfers from other institutions. Although courses are presented exactly as they were described before going to print, adjustments are occasionally made, mostly to guarantee that our courses are maintained current. A course will only be cancelled if it is unavoidable, and we will advise candidates of any significant modifications.

TERMS AND CONDITIONS

Our Terms and Conditions are available on our website's course pages. As part of your offer of a place at the University, you will also be given a link to download these terms.

SAFETY AND HEALTH

The University meets the requirements for student health and safety. The University has a responsibility to the student and the general public who visit the site, but the student has a responsibility to conduct himself/herself in a way that does not jeopardise his/her own or others' health and safety. The University is required by law to keep a record of all accidents that occur on its premises, and students involved in any accident, no matter how minor, are required to immediately report the circumstances to a first aider, safety contact, or their supervisor.

INFORMATION ACCESS

We take precautions to keep your application information private. All information is stored on the University computer system for internal administrative purposes and statistical compilation. We may, however, provide information to students, local education authorities, police forces, and government departments if requested.

Please contact us if you want to know what personal information we have on file for you.

You can also write to the.....

If you are concerned about university costs, we can assist you in funding travel, tuition, IT equipment, and other expenses through scholarships and support funds.

We understand that money is a major consideration for all students who choose to study in Sikkim. At ICFAI, we care about you and your living expenses.
