

IDeA
WORLD
DESIGN COLLEGE

"Classic design is the intersection of form, function, feeling and philosophy - in other words, the juxtaposition of emotion, reason, problem solving and aesthetic refinement. At IDeA World College, we use passion and imagination to design a better world"

Thomas Abraham
Design Director

Author, Architect, Artist and Designer, Thomas Abraham an alumnus of IIT is renowned worldwide as thought leader in fields as varied as philosophy, theology and human relationships. An International Associate of the American Institute of Architects and Corporate Member of the Las Vegas Fashion Council, Thomas Abraham has made IDeA World College a magnet for the world's finest in design thinking and creative endeavour.

HELLO

At the outset, let us congratulate you on your choice of IDeA for your institution of learning. As you know, we're among the most progressive institutes in the country and we take special pride in welcoming you to join us. In fact IDeA is widely considered to be finest learning environment in India.

IDeA WORLD COLLEGE

IDeA WORLD COLLEGE is a subsidiary of the renowned IDeA Design House famous for its Architecture, Interior, Fashion & Art collection worldwide.

IDeA, today conducts the only major creative program that is attached to a Design Firm. This gives its students a unique advantage in that, they are the first to be exposed to the latest advances in the field and get a rare capacity to evaluate their hypothetical concepts with real ones in the field.

CAREER EXPOSURE & PROFESSIONAL DEVELOPMENT

Under the brand Thomas Abraham for IDeA Design House, the students of IDeA World College get to participate as members of a world renowned design company (along with the world's leading design labels).

Our interior design students participate at the Architectural Digest Design Show - or equivalent - every year where they exhibit their work on par with design houses like Ralph Lauren, Fendi & Gauri Khan.

Every year we also participate as professional fashion designers at events like The Miss India pageant & other national & international fashion shows (along with leading design labels like Manoviraj Khosla, Neeta Lulla, Sunil Sethi, Rocky S and JJ Valaya).

In several seasons, IDeA Design House also sells both haute couture and furniture on **amazon** so that students get real life exposure in how to negotiate and sell to actual clients who use their furniture / garments.

BrIDeA - for the Bride in Every Woman

BANGALORE, India, June 10, 2019 /PRNewswire/ -- Thomas Abraham for IDeA Design House had the world premiere of their Spring 2019 collection 'The White Repertoire' at the Times Fashion Week in the first week of June this year.

The collection that harked back to both the classics of modern design like Yves Saint Laurent and Elie Saab, as well as to the archetype mixture of femininity and feminism was in Thomas's words "the collection for women at the threshold of girlhood and womanhood, compassing everything in a woman – angel, princess, Valkyrie and warrior blending sass, charm, sexiness and power."

A ballroom gown is every girl's daydream, Cinderella's midnight dress in shimmer and white with specks of gold – the classic white girl–frock morphed into an adult's. In a way, it acknowledges that no matter how much we change, we are still the same inside, yearning to be Elsa in *Frozen*.

The White Repertoire showcase was a rare blend of Avant-Garde and Haute Couture, with the theatre of opera and the drama of salsa, in materials as varied as silk and georgette with crowns, headgears, frills and feathers, embellished by long trails like princesses in church aisles and movie stars at Cannes.

The collection's finale was the white-gold gown which transformed from white to gold with the swish of a hand. Modelled by current Miss India Anukreethy Vas, it was the classic bridal that ends most fashion walks – and yet unique in that it blended both the white of Western bridal gowns as well as the gold that's endemic to Indian weddings, because the modern woman is glocal (global + local), a mixture of where she comes from as well as what she wants to conquer.

Last season, Thomas Abraham was handpicked to design for all 30 finalists of Femina Miss India 2018 and is today, known as a trailblazing innovator in fashion, interiors, and architecture, creating some of the most scintillating collections unfurled in recent years.

At the moment, he's preparing to exhibit at fashion weeks around the world, including London Fashion Week and Paris Fashion Week – and is currently in the process of designing unique collections for each of them, for the Fall of 2019.

Transforming Homes With the Whole New Transformer Collection

BANGALORE, India, June 17, 2019 /PRNewswire/ -- Thomas Abraham had the global debut of their Transformer Furniture Spring 2019 Collection on the 15th of June 2018. Inspired by the famous Shia LaBeouf Transformer movies where a car becomes a plane, a plane becomes a man or a man becomes a boat, the Thomas Abraham brand has been selling their furniture online for couple of seasons now. Thomas Abraham is a creative director at IDEa Design House.

As a trailblazing innovator in fashion, interiors, and architecture, (having been handpicked to design gowns for all finalists of Miss India 2018), the Thomas Abraham brand has created some of the most interesting collections in these domains in the past few years. An alumnus of one of India's premier institutions, IIT Kharagpur, Thomas Abraham is considered a rising star among new generation designers.

The Transformer Furniture Collection is constructed in sheesham wood, from renewable plantations that are environmental friendly and have low carbon footprints – and is specifically designed for the modern home.

Philosophically speaking, a piece of furniture that is a sofa in the morning that becomes a bed at night or a storage unit in the afternoon or a chair at dinner is according to Thomas Abraham "a miracle; we live in a time of low attention spans, quick boredom and instant results; and unlike in the past, people are constantly yearning for newness – for which the Transformer Collection is ideal because the same piece of furniture can be repeatedly morphed into different looks and forms with no additional investments whatsoever. The user can transform his entire interior from one season to another every time he wants a refreshed look – maybe for a day or a week or maybe the next 6 months." According to Thomas Abraham, it also limits the number of furniture pieces in a home, thereby providing every home with the most valuable asset in interior design – free space.

The Transformer Collection is the signature of the Thomas Abraham brand and has become famous because it can be multi-used and multi-purposed – which is invaluable at a time of huge real estate costs, and gives its owners a mojo that traditional furniture simply doesn't have.

Going back to the classics of early modernism, the collection harks back to Le Corbusier's quotation about a home being "a machine to live in", and yet a machine with a soul.

THE TIMES OF INDIA

Learn from the best names in fashion and design

If fashion and design is your chosen field, it makes sense to learn it from some of the best names in the industry. Leading Indian design personality Thomas Abraham mentors students at IdeA Design College, which offers interior design and fashion design degree programmes and

Prasad Bidapa

graduate and post-graduate diploma programmes, affiliated to the Bangalore University. These courses offer dual certificates from American Institute of Architects and Las Vegas Fashion Council, beside an opportunity to work under Thomas, who created a scintillating and romantic collection showcased at the National Sub-Contest Finale of Femina Miss India 2018.

IdeA Worldwide gives students unique opportunities to interact with the who's who of the industry, with visiting faculty including world famous Julian Roberts from London Fashion Week and the Royal College of Art, London, ace photographer Wassem Khan

Thomas Abraham walks the ramp with models during a recent beauty pageant

and Dutch building designer Rene Janssen, among others.

IdeA is now associated with fashion icon and textile designer Prasad Bidapa, who has guided some of India's most glamorous people step into the design, film

and glamour world as confident professionals.

The three-and-a-half-year degree programme at IdeA includes a six month paid internship. This year, a four-year degree programme in Animation and

Multimedia Design, affiliated to the Bangalore University is also set to be introduced.

Admissions for all courses are currently open.

HOUSE

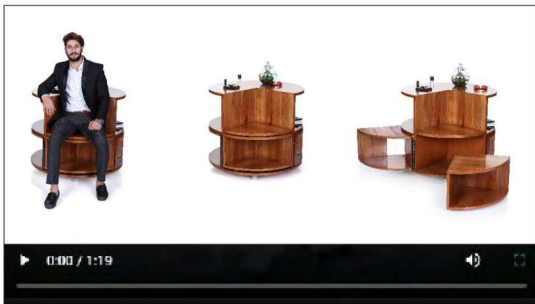

Through his studio, whose prowess extends across fashion, interiors and architecture, Thomas Abraham creates designs that transcend categories, finding inspiration across creative fields. IdeA Design House brings the Transformer Furniture Collection 2019 to the AD Design Show, showcasing a range of furniture that can be reshaped to fit a homeowner's changing needs.

BINGHAMTON, NEW YORK, USA

After the Success of Episode 1, IDeA Design House Launches The Transformer Collection, Episode 2

BANGALORE, India, Sept. 16, 2019 /PRNewswire/ -- While the first episode became a huge hit worldwide, Thomas Abraham has released Episode 2 of 'Transformer Furniture 2019', a collection of 11 morphable furniture. Every furniture is designed keeping in mind the low attention spans, quick boredom and instant needs of the modern world; unlike in the past, people are constantly yearning for newness – for which the Transformer Collection is ideal. The same piece of furniture can be repeatedly morphed into different looks and forms with no additional investments whatsoever. Made with sheesham wood, from renewable plantations that are environmental friendly and have low carbon footprints it is specifically designed for the modern home. It also limits the number of furniture pieces in a home, thereby providing every home with the most valuable asset in interior design – free space.

Episode 2 features Love Vis-A- VIS and Automate:

Love Vis-A-Vis is a coffee table that transforms into a love seat (two-seater) as seen in the video. When transformed into the love seat, this piece of furniture can also be used as a storage unit saving space and cost in all modern homes.

Automate is multi-functional in nature and can serve several purposes. It can be transformed into a bookshelf, a chair and table, a single cot and a study unit along with storage area.

MANUELA FROM ITALY WORKING WITH STUDENTS

STRATEGIC TIE-UPS

IDeA offers computer aided design programs including the most advanced software courses of AutoCAD, Photoshop and CorelDRAW. This program run parallel with the main course, recognizes the indispensability of computers in drafting and design, in the changing face of the profession.

STUDENT PROFILE

Besides, the student with a firm eye on a career, we also welcome the serious amateur with a discerning eye and a creative mind, who is willing to devote the time and effort.

What our students do with their skills is their privilege but it is our duty to see that they have the requisite knowledge and confidence to make any choice they see fit. We do not insist on drawing skills as a pre-requisite; its our responsibility to teach you the skills you require.

We train designers to be the global best, willing to put in the passion & perseverance to design a better world.

INSTRUCTION

IDeA follows a unique highly acclaimed instruction method D-I-V-E, where right from inception, a student is encouraged to learn by experimenting with all aspects of a design problem. Somewhat akin to learning to swim by diving into the deep end, students are encouraged to innovate and evolve solutions as they tackle problems from first principles.

Solutions are rarely spoon fed to students rather the student discovers his own methodologies by creative problem solving. Right from the first design sessional, all different design, detailing and presentation techniques are tried out. These solutions, both rational and aesthetic, are evolved and refined with each subsequent sessional to finally peak with the thesis sessional. Our emphasis is to let students exercise their creativity and show them that design is not an esoteric, inaccessible discipline, but, rather follows simple specific principles.

Seminars, symposia, site visits & excursions are integral to the learning process.

But above all, it is the quality of our faculty that distinguishes us. A faculty member must have national experience in both designing and teaching. We believe that learning should be fun and our faculty are required to have an open mind, excellent communication skills and a keen sense of humour.

Rather than following a dogmatic syllabus and time frame, IDeA faculty are encouraged and qualified to mould the course structure based on student response and capabilities. This keeps instruction methods agile and decisions are made speedily and implemented efficiently. IDeA may in fact make changes/amendments to syllabi or course feature, with the overall impact in mind. IDeA's approach is not to lead pedantically, but to support when necessary. We here not so much to teach, as to help you learn.

CLASS STRENGTH

Among all comparable creative programs in the private sector, IDeA, insists on the lowest optional class strengths. These are pegged at such a level so as to see that classes are big enough to elicit that community feeling, yet small enough to see that every individual gets, the attention he requires.

ATTENDANCE

Absence from class inevitably leads to loss of continuity and thus the capacity to follow up on class curricula. A minimum 75% attendance is mandatory to qualify sitting for the final examination. The right to grant leave of absence rests solely with IDeA, and any application for the same, must be in a written form. Students absent, for 3 days consecutively without prior permission are liable for punitive fiscal action. Remember, IDeA WORLD COLLEGE aspires to teach students an entire new profession and that would be impossible without a student's maximum possible attendance and participation.

EVALUATION

IDEA's program is structured to be a learning-by-doing experience, and students are expected to take the initiative to experiment, innovate and discover. Handouts and note dictations are kept to the minimum. As such, a student's learning, is evaluated on his submissions through the year.

At the half way stage, the student undergoes a review where in a time-sessional, he will be required to discontinue the program. This helps maintain a minimum acceptable standard.

Towards the end of the program a final examination is held. While this examination is important, submission of sessional work, through the year IS just as important and last minute cramming for the final exam is insufficient. Purely at the discretion of IDEA students may be allowed to take supplementary exams, on payment of 3000 per subject.

The last act of a student's course structure is the viva voce - where a student's entire course knowledge is manifested in a problem of sufficient complexity. A student is orally examined by a jury, for which an external examiner is specially appointed.

CREDIT SYSTEM

IDeA offers its students a grading system based on the North American Credit System. Each subject in the Curricula will be assigned a certain no of credits based on its importance and relevance. Grades are given for end semester exams, quizzes and sessionals, which are tabulated to give a Cumulative Grade Point Average. This system discount many of the problems with the normal marking system, that arise from subject difficulty, weight age, ranking etc.,

CLASS SPIRIT

A creative classroom is in-fact, a studio- a place of both individuality and teamwork. The proper spirit can make the experience both enlightening and entertaining. If however a students conduct is in IDeA's opinion a hindrance to other students, faculty or the institution, the students may be asked to discontinue his studentship without refund of fees. IDeA being a design institution, students' attire should be as per the latest fashion and no overt religious wear or political ideology is allowed in the class room. In fact we offer free professional make over sessions to all students by one of India's leading make over specialists so that all students come to class fully groomed.

INTERNAL TRANSFER

Transfer from one course to another or from one batch to another is solely at the discretion of IDeA. A transfer fee of ₹ 10,000 is charged for each such transfer along with any fee differential between the courses.

PLACEMENT OPPORTUNITIES

FEES

IDeA's fee structures are among the lowest for a comparable world class education. Students may either pay by cash/card/draft/bank transfer. Any delay in payment of fees, will invite a punitive charge of 350rs per day of delay. Fees paid will not be refunded whether for withdrawal, transfers or dismissals at any stage after payment. Students who opt for the instalment plan are required to pay all instalments by ECS at the time of enrolment. Besides your tuition fees, you are required to pay the relevant examination fees before your exams.

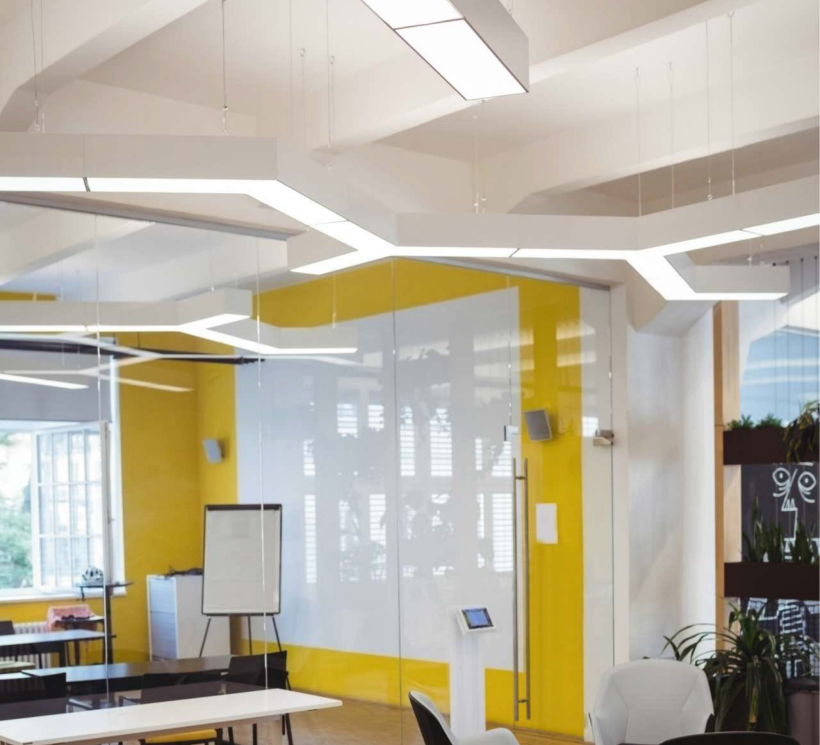

DISCONTINUATION

Should a student require to discontinue the course at any stage after payment of fees, IDeA offers students an unique plan whereby, subject to batch availability, for just half the regular fee, he can re-enrol himself in any of the two subsequent years and get full credit for the courses he's done so far. This facility is offered to all students who have paid their fees in full, in their original year of registration. This inbuilt flexibility is again offered only by IDeA. This facility however is not available for dismissals or for degree programs.

PLACEMENT

Any IDeA alumnus has immense job opportunities open to him and IDeA offers a placement cell that endeavours to see that every IDeA student with a C.G.PA of above 8.5 is placed with a professional firm. IDeA has evolved, its program based on continuing input from the professional on the field. Our technique & syllabi are much admired & copied - but they simply cannot be replicated outside our vigilance & supervision. We believe we are the best in the field today, because we are constantly adapting ourselves, keeping your interests in mind. We congratulate you once again and convey our warmest regards for the coming year. We hope you'll find the experience, educative & entertaining.

RULES AND REGULATIONS

1. Please read and understand the contents of the prospectus and supplementary information provided.
2. Admissions are solely at the discretion of IDeA WORLD COLLEGE. No student has an automatic right of admission.
3. IDeA being a design institution, students' attire should be as per the latest fashion and no overt religious wear or political ideology is allowed in the class room. All students are expected to observe the dress code regulations strictly.
4. Any act of misbehavior or indiscipline will attract stringent disciplinary action, including dismissal without refund of fee.
5. Smoking, alcohol consumption, drug abuse and any kind of misbehavior or any kind of unlawful activity is prohibited and will be duly addressed to parents besides taking strict disciplinary action.
6. Ragging, teasing, misbehaving, throwing waste, and committing any other nuisance is strictly prohibited and punishable.
7. Students have to be seated in the class 5 minutes before the class commences, Students coming late to classes will be fined and may not be permitted to enter the classroom. Similarly, students will not be allowed to leave the classroom in between the class hours, Students must maintain silence within the college premises at all times.
8. Any breach of code of conduct and discipline will entail punishment such as suspension from the institution, restriction on recommendation, depending on the seriousness of the indiscipline as determined by the authorities. The decision of the management is final and binding in this regard.
9. All students of Degree/Graduate Program/Advanced Diploma/ Advanced Program/Diploma Program have to submit their original 12th/PUC/+2 or degree certificates at the time of registration failing which the admission will not be considered valid.
10. Students once enrolled shall not be liable for fees refund under any circumstances. If a student defaults in payment, his/her name will be struck off the rolls without notice or assigning any reason whatsoever. Any delay in payments of installments, will invite punitive action / fine as decided by the management. Students are advised to retain their fee receipts till the end of the course and produce the same on demand.
11. If a student's conduct is in hindrance to other students, faculty or the institution, the student may be asked to discontinue his studentship without refund of fees.
12. Examination fees, library fees, locker hiring charges, laboratory fees, caution deposit, security deposit, university fees, transportation fee or any other compulsory fees are exclusive of tuition fees, and these shall be prescribed by the management separately. Fees are payable in lump sum or in installments at the time of admission. Students can borrow library books on payment of additional security deposit only.
13. Caution deposit / Security deposit will be refunded to candidates only after the student obtains clearance from all the respective departments at the end of the term and produces the original receipt of all fees paid, subject to deduction towards breakages, loss of articles etc., of the institute.
14. Students following the 2-year/3-year/4-year/5-year Advanced Diploma/ Advance Program/Degree Program/Post-graduate Program have to pay the entire course fee for all years, even if they choose to discontinue midway. The original 12th/PUC/+2/degree certificates submitted for admissions as well the Transfer Certificate will not be given unless the fees for all years are paid in full.

15. Students should carry their college identity card and produce it whenever demanded by the college authorities - failing which they will be fined for every infraction.
16. Any cheque bounce will attract a fine of Rs. 1000 per cheque as administrative charges as well as the actual cheque bounce charges that may be imposed by our bankers.
17. Students intending to appear for re-examination may do so with the permission of the Principal by payment of additional examination fees as may be prescribed by the management at that point of time.
18. Students suffering from contagious diseases will not be allowed to attend classes and appear for examinations / submissions unless they obtain medical fitness certificates from a recognized medical practitioner.
19. Students are required to participate in the annual Design Showcase as part of their project work. Thereafter, the designer collections will remain in the custody of IDEa WORLD COLLEGE. However any sales proceeds from these will pass to respective students after deducting relevant administration costs.
20. Students must note that all information about the courses and any other communication to the students will be communicated through notifications displayed on the notice board and no individual communication may be sent.
21. The institution shall have the right to change the time schedules, training centers, syllabus, fees etc., at any time. The institution shall not take any responsibility for delays in completing courses, due to causes beyond their control.
22. Use of cell phones is strictly prohibited in the campus. Use of cell phone would entail confiscation of the handset which will only be returned at the end of the program.
23. A minimum requirement of 85% attendance in both theory and practical's is essential for students to appear for the final examination, Failed students are required to pay re-exam fees and the relevant marks card will contain supplementary remarks. Students who have discontinued and intend to seek admission once again for the same course, shall pay the fees applicable at that time.
24. If the documents produced or the information provided in the application is false, admission is liable to be cancelled. Incomplete applications shall be rejected.
25. Disputes if any, shall be addressed to the Principal only, whose decision shall be final and binding.
26. Litigations if any, shall be under the jurisdiction of courts in Bangalore Urban only.
27. Students who have an aggregate average of 8.5 and who have completed the requisite internship will be eligible for placements only in the year that their batch graduates, subject to them having 85% attendance.
28. The college is not responsible for the misconduct of students outside the college premises. However, it will take strict note of serious misconduct of its students that may cause damage to the college reputation. If found guilty the misconduct shall be punishable.
