Message from the President

The Indian Institute of Health Management Research (IIHMR University) was founded in 1984 at Jaipur with a vision of providing unique opportunities in the field of Health and Allied sectors. Over the past 38 years, IIHMR University has established as a pioneer in the field of higher learning and offers doctoral and postgraduate degrees in Hospital and Health Care, Pharmacy and Development Management.

IIHMR vision is to improve health standards by better managing health care and related programs. It seeks to accomplish this through management research, training, consultation and institutional networking from a national and global perspective. IIHMR University creates highly knowledgeable and skilled professionals for the industry. It empowers them to find sustainable solutions to people's problems, health issues, and health transformation. Our student mix is selected through a rigorous selection process, ensuring that only the very best of the lot get into our campus. The students undergo two years of rigorous theoretical and field-based training with pilot ventures, rural practicum, and dissertation along with strategic thinking and leadership skills.

Our Esteemed Alumni are taking prime and leadership roles in leading global Hospitals, Healthcare organizations, consulting firms, pharmaceutical companies, Development organizations, Thank Tanks, NGO's and various State and Central Governments organizations.

It gives me immense pleasure to welcome you to IIHMR University, interact with our committed students of batch 2021 - 2023 with deep rooted human values and discover their innovative ideas, commitment, and enthusiasm in contributing and responding to the need of the hour. This selected batch is exposed to a thoroughly updated curriculum that is in sync with modern scenario demand. I am confident that our students will contribute immensely to your esteemed organization and become assets to you.

Dr. P.R. Sodani
President
IIHMR University,
Jaipur

About

IIHMR University, Jaipur

The genesis of IIHMR University dates to October 5, 1984, when the Indian Institute of Health Management Research (IIHMR) was established. IIHMR University has been established and incorporated as a postgraduate research university by the Government of Rajasthan vide the IIHMR University, Jaipur Act, 2014 (Act No. 3, of 2014). IIHMR University is UGC-recognized, NAAC accredited and ranked 91st NIRF 2022 (Management).

IIHMR University has a unique organizational culture that enshrines core values and ethos of autonomy, accountability, openness, and transparency. The multi-disciplinary teams of faculty representing public health, management, economics, statistics, demography, and social and behavioural sciences, constitute an enabling environment for learning, professional growth, and development.

Mission

IIHMR University is dedicated to the improvement in standards of health care through better management of health care and related programs. It seeks to accomplish this through management education, research, training, consultation, and institutional networking in a national and global perspective.

Vision

To become a world class higher education institution by promoting education and research for the betterment of the society.

Institute of Health Management Research

As the largest School in the university system, IHMR houses our flagship educational MBA programs in health and hospital management which aim to develop trained professional managers with requisite skills in planning, implementation, operational management, diagnosis, problem-solving, consultancy, and entrepreneurship. These programs have achieved great success in preparing budding professionals to manage hospitals and healthcare institutions globally, both in the public and the private sectors, thus meeting the demands of a critical sector.

School of Pharmaceutical Management

The SPM is committed to shaping management education, research, and training for the pharmaceutical sector, and works closely with change-makers in this critical space impacting the health of people everywhere. The School of Pharmaceutical Management was launched to provide a vibrant ecosystem for MBA in Pharmaceutical Management, one of the pioneering initiatives of IIHMR University.

School of Development Studies

The SDS was created to serve as a bridge between cutting-edge research on issues of development, and the burgeoning network of civil society organizations and development agencies (including governmental, CSR, and multilateral agencies) functioning in India and abroad.

Why IIHMR University

- 38 years of excellence in the delivery of world-class quality education, research and training.
- First AICTE-approved NBA-accredited education program in the health sector in India.
- NAAC Accredited.
- Collaboration with leading global universities such as Johns Hopkins University, Bloomberg School of Public Health, United Nations Academic Impact, Jhpiego, South-East Asia Public Health Education Institution Network.
- Strong networking and association with renowned international organizations such as WHO, BRLF, India PHEIN, SEARCH, ASQ, Funding agencies, UN, UNICEF, World Bank, USAID etc.
- Renowned faculty of international repute.
- Global Alumni network of 3000+ Alumni with a large pool of network in healthcare, pharma and rural sector.
- Global curriculum & practice-oriented learning.
- World-class infrastructure with excellent sports facilities amidst greenery, library, high-speed wi-fi network.
- Excellent placements with 100% placement assistance.

Industry Interface Summits

Pradanya means “Wisdom.” The event has had a long journey of 26 years spreading wisdom amongst young minds and professionals of healthcare, hospital, pharmaceutical and rural development sectors. Every year IIHMR University organizes an international three-day conference, 'Pradanya'. Expert leaders from India and abroad in the fields of healthcare, pharmaceuticals, the development sector, and allied industries address the students for intellectual churning. Pradanya gives an opportunity for engagement with corporate leaders across the industries. It also creates a space for discussion of one-on-one meetings with top corporate leaders.

Know Your Alumni Sessions

Know Your Alumni Sessions are a unique initiative undertaken by IIHMR University, Jaipur. Through this session series, students relate to alumni who give an insight into their journey from IIHMR to becoming excellent professionals in the industry. These sessions help the students understand the ongoing trends and expectations of their alumni and serve both as a guidance and inspiration source for them. Know Your Alumni Session is launched to keep the alumni connected to their alma mater as well as share their valuable experiences with the current students.

Alumni Mentoring Programme

Alumni Mentoring Programme is a unique initiative undertaken by IIHMR University, Jaipur. Through this programme, students are connected with alumni who serve both as a guide and a source of inspiration for them. Alumni Mentoring Programme is launched to keep the alumni connected to their alma mater as well as share their valuable experiences with the current students.

Framework of Mentorship Programme

Under this programme, we invite our alumni from across the globe and from different fields to interact with the students and help them build their network and gain a new perspective on the possibilities open to them, after graduation.

With the students facing crossroads at every other turn and unable to choose what's best for them due to a lack of insight into how things would materialize with each road that they choose to take, it becomes crucial that they are guided by people who have faced the same crossroads during their academic life and the competitive world beyond it.

The Alumni with their vast repository of personal experiences can help improve insight among students into diverse aspects of life which include academics, extracurriculars, the professional life after college or the general way of life.

Student Committees in IIHMRU

The University believes in enhancing student's capacity. For this purpose, the students have committees. Working with these Committee's students learn to plan, organize, implement, and evaluate important activities of the university.

Placement Committee

The Placement Committee plays an instrumental role in facilitating the careers of students. It undertakes various academic initiatives such as organizing summer training for the students in hospital and healthcare organizations at the end of first year and works hard for the final placements.

Conference Committee

The annual conference "Pradanya" is organized by Conference Committee which has been acclaimed by all for its academic value. The Conference Committee helps students to actively participate in national and international conferences.

Class Representative

The class representatives are the interface between the students, faculty and academic administration. They are responsible for coordinating the day-to-day class activities. They are also

responsible for coordinating guest lectures and informing fellow students about various student affairs.

Alumni Committee

It acts as a link between the university, students, and the alumni for organizing conferences, seminars, meetings, workshops, and discussions. The committee plays a vital role in organizing the quarterly and annual alumni meet.

Sports Committee

To keep the body in good health is a duty otherwise we shall not be able to keep our mind strong and clear this is the belief at IIHMR. The Sports Committee is a student initiative which aims at organizing the annual sports meet and responsible for providing and upkeep of sports infrastructure on campus.

Cultural Committee

The Cultural Committee of the university is involved in organizing various cultural events at the university including the foundation day, where students participate in cultural activities like drama, singing, and dance with utmost enthusiasm. The nature of the committee is to encourage the adventure spirit of the students by organizing festivals, picnic, and

various other activities. It also organizes theatre workshops, which helps the students learn various management lessons.

Food Nutrition and Mess Committee

The Cultural Committee of the university acts as a bridge between the administration, caterers, hostel authorities on one side and the students on the other. It ensures an enriching stay at the campus. By organizing fun-packed events and food-carnivals.

Campus Welfare Committee

The Campus Welfare Committee of IIHMR University, is committed to innovate methods in favour of campus welfare. It ensures to provide a unique academic environment based on positive interaction among the students and the University.

Media and PR Relations Committee

The Media and PR Committee of IIHMR University is responsible for extensive

coverages of all university events. It sends press releases to print and digital media, and posts updates on social media about all campus activities, blood donation camps, entrepreneur meets and student achievements and university performance.

IIHMR University, Jaipur

Message from Dean

Institute of Health Management Research

Greetings from Institute of Health Management Research (IHMR), IIHMR University, Jaipur!

I feel proud to mention that our mission is to achieve academic excellence vetted through evidence-based research findings. The eminent faculty at the Institute promotes a knowledge-sharing culture of innovation and excellence among the students. IIHMR also offers its students the best-in-class placement opportunities. Thanks to the support of prominent recruiters from across industries.

IIHMR University, Jaipur has design need based high impact two-year master level programme in Hospital and Health Management to cater the need of especial cadre of health professionals to manage health care systems in private and government sectors. The overall objective of the MBA Hospital and Health Management programme is to develop understanding of health care ecosystem in the country, sharpen the business acumen, mastering in analytical skills to recognize emerging trends and scope of improvement in the health care industry by designing innovation and intervention, strengthening leadership competencies with effective communication during emergency and adverse situation.

We have multi-disciplinary faculty with excellent academic records and teaching experience relevant to the healthcare sectors. We have outstanding blend of regular and visiting faculty with rich experience of hospital and health system to ensure the unique insights of learning and examples.

The dynamic business ecosystem of healthcare needs competent managers who are also excellent leaders to drive it towards a more progressive, inclusive, and kinder future. We are also conscious of the invaluable partnership it shares with businesses, employers, and the society at large, which enables us to produce effective leaders. In recognition of this bond, I hereby extend a wholehearted invitation to all recruiters to visit us and interact with promising thought leaders and high-potential change masters from the 2021-23 batch to fulfil their lateral hiring requirements.

Program Structure

MBA Hospital and Health Management

Basic Courses

- Design Thinking

MBA Pharmaceutical Management
(Launching Zestful Business Professionals)

Dr. Saurabh Kumar
Dean
School of Pharmaceutical Management
IIHMR University, Jaipur

Message from Dean

School of Pharmaceutical Management

Greetings from the School of Pharmaceutical Management, IIHMR University, Jaipur!

The global and the Indian Pharmaceutical industry is undergoing a paradigm shift towards changing business representations, expanding strategic partnerships and resourced revenue models. While the Covid-19 pandemic posed numerous new challenges, Indian pharma industry emerged as a reliable supplier of high-quality, affordable medicines by demonstrating its commitment towards continuous supply of medicines and vaccines across the countries.

Today the Pharmaceutical Industry aspires to convert its strategies and planning into implementation and expects the people who are joining them to possess managerial competencies apart from technical knowhow. The Industry expects the candidates to have a in depth understanding regarding the various domain of the pharmaceutical industry namely managing the brands of a pharmaceutical formulation, managing the Supply Chain Management, regulating the pharmaceutical product and API's nationally and internationally, carrying out market research of the pharmaceutical product and a in depth understanding of the consumer's/patients behaviour towards OTC, Prescription drugs, Medical devices, Diagnostics, Nutraceuticals and many more.

The curriculum of MBA Pharmaceutical Management, IIHMR University, Jaipur has been designed to impart the skills desired by the various national and international pharmaceutical organization and prepares them for taking the challenging tasks desired by the organizations. They are exposed to real time case studies, group discussions, problem solving approaches which make them ready to enter Industry once they graduate from the campus. Practical exposure in the form of summer training, dissertation and field visits enhances their understanding of the pharmaceutical market. The faculty of School of Pharmaceutical Management are well versed in delivering the high-quality academic competency and industry proficiency in different aspects related to the area of Pharmaceutical Management and constantly guide them not even during the program but even when they enter their professional domain.

The Alumni of MBA PM program are also another significant component of the School and are working with several reputed Pharmaceuticals MNC & Indian firms. They are being invited in the teaching modules to keep the students abreast with the latest development in the industry and are part of Board of studies and Board of Management.

I take pride in sharing the profiles of our students and look forward for a symbiotic relationship between School of Pharmaceutical Management, IIHMR University and your esteemed organization.

Program Structure

MBA Development Management

(Be the change for a better world)

Dr. Goutam Sadhu
Dean
School of Development Studies
IIHMR University, Jaipur

Message from Dean

School of Development Studies

The post graduate degree program in MBA-Development Management is committed to preparing development professionals, who can contribute to ongoing development transformation in a meaningful manner and contribute to achieving sustainable development goals. The pedagogy of the course is research-based contributor to management research globally.

While we are excited about our growth and plans, the School of Development Studies (SDS), IIHMR university has set aspirational goals for its Vision 2030, focusing on high-quality research and student transformation to build on our proud legacy. We look forward enthusiastically to continuing to strengthen our pedagogy of the program by researching ecosystem. With Vision in place, IIHMR University aspires to be a world class higher education institute by promoting education and research for the betterment of society.

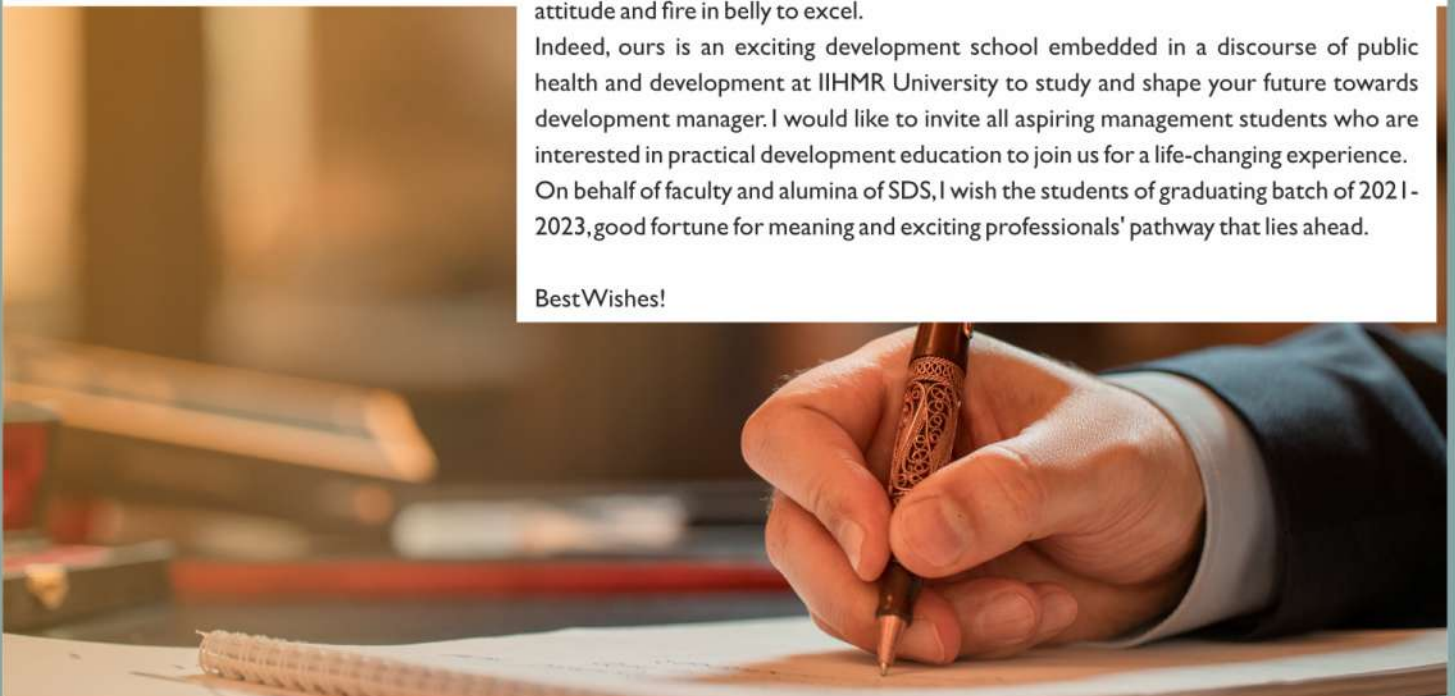

Our educational programmes offer a solid foundation of management and development education and promise a hands-on learning experience. We use case studies, experiential learning, role plays, field exposure and simulation to enrich classroom learning experiences of our students. Additionally, students are encouraged to organize and participate in conferences and various student-driven activities organized on campus as well as in other leading organisations throughout the year. The rigorous coursework in six trimester covers foundational subjects, methods, and advanced courses in their area of specialization, equipping students to make significant scholarly contributions in their field.

Year on year the number of Government, Non-Government, CSR, UN organisations visiting the campus for recruitment is ever increasing. All recruiters readily agree on the fact that IIHMR University students not only possess an ability to perform in challenging environments but also have a sharp sense to identify opportunities and have positive attitude and fire in belly to excel.

Indeed, ours is an exciting development school embedded in a discourse of public health and development at IIHMR University to study and shape your future towards development manager. I would like to invite all aspiring management students who are interested in practical development education to join us for a life-changing experience.

On behalf of faculty and alumina of SDS, I wish the students of graduating batch of 2021-2023, good fortune for meaning and exciting professionals' pathway that lies ahead.

BestWishes!

Program Structure

MBA Development Management

Basic Courses

- Design Thinking
- Written Analysis and Communication
- Excel Application and PowerPoint Presentations

First Year

Core Courses: Term I, Term 2, and Term 3

- Rural and Urban Society
- Development Theories and Practices
- Principles of Management
- Basic Services and Entitlement
- Essentials of Economics

About The Placement Cell

Placements have always been instrumental in recognizing the potential of students, and it is the goal of the entire IIHMR community to inculcate critical - technical and non-technical knowledge in students, to enable them to meet the changing needs of the industry. The Placements Cell works dedicatedly with faculty and alumni to prepare students for a rewarding placement season. Guidance on developing clear and unique resumes, regular technical and non-technical training, conducting mock interviews and group discussions, hosting aptitude tests, and mentoring sessions by alumni to help them succeed in interviews. They gain hands-on experience by interacting with our large network of alumni through webinars and sessions such as 'Know Your Alumni' and "Masterclass Sessions" from leading industry experts. The team also organizes various events, fairs, and workshops to help the students understand the corporate culture and deal effectively with the pressure of placements.

Dean- Placements & Alumni Relations
IIHMR University, Jaipur

Closing Remarks

It gives me profound pleasure to introduce our batches of MBA Hospital and Health Management, MBA Pharmaceutical Management, MBA Development Management students from IIHMR University, Jaipur (IIHMR). IIHMR has been set up with a mission to prepare the leaders of tomorrow for the responsible health management and effective stewardship of all resources. Our goal is to:

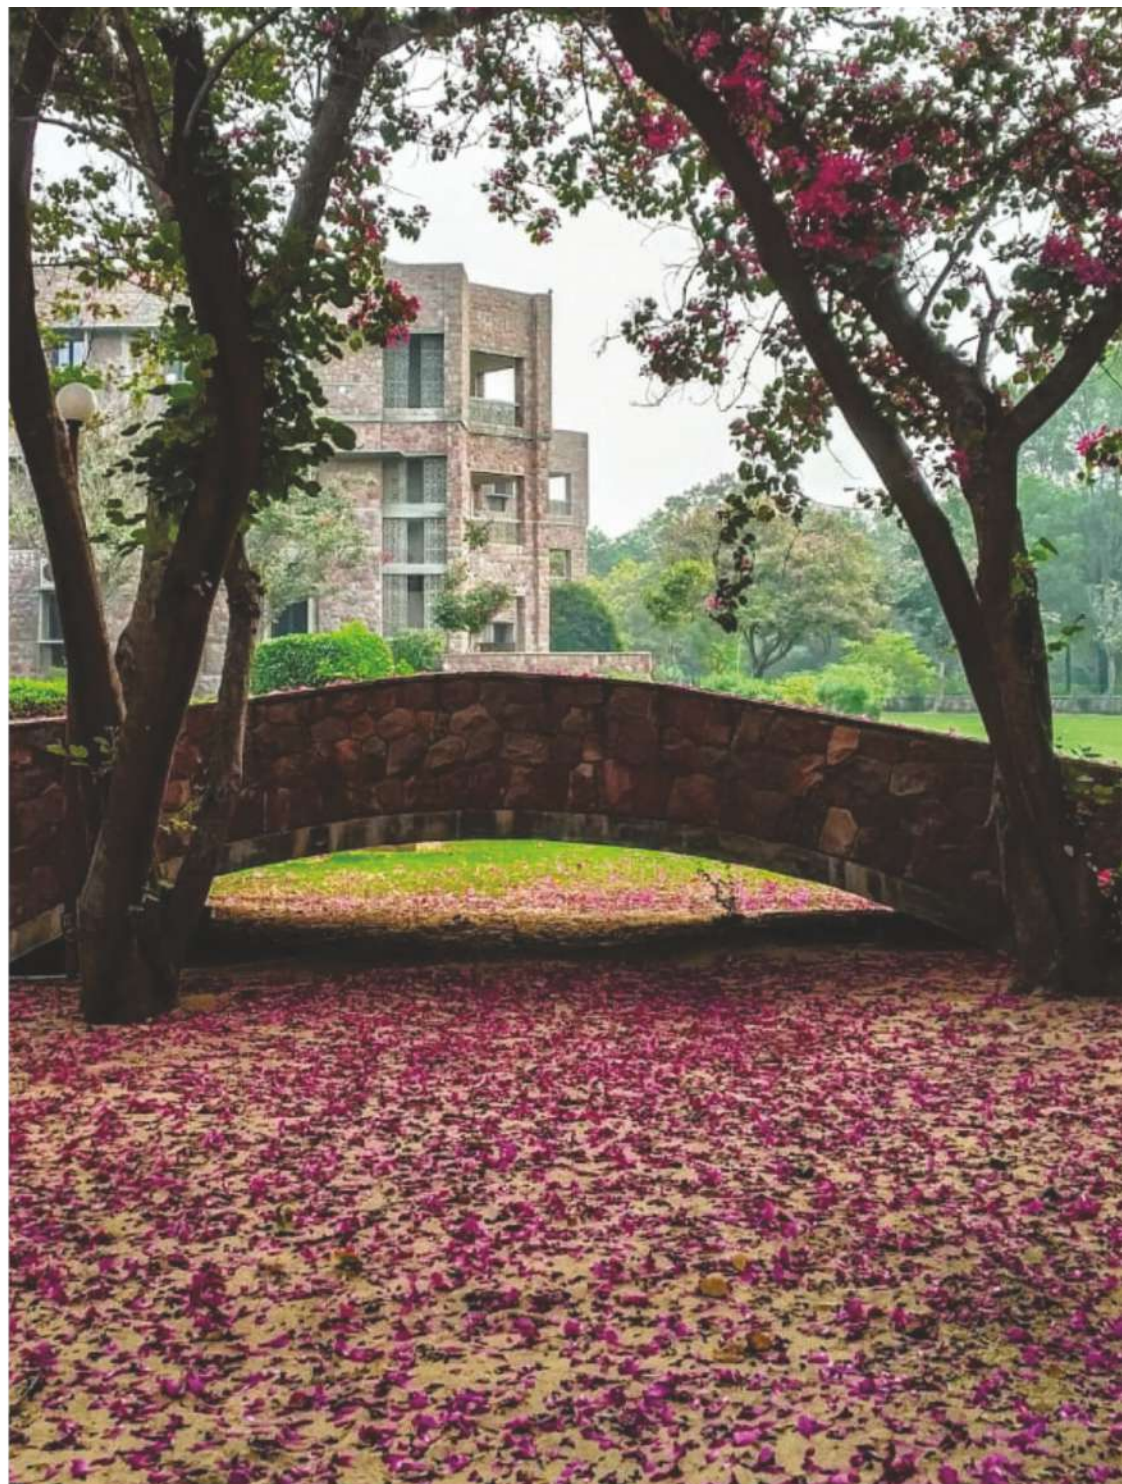

1. Positively influence the practice of business
2. Compete fairly and
3. Collaborate closely on a global scale and scope.

IIHMR prepares students to meet the global business and leadership challenges of tomorrow. As a corporate resource professional, I have been closely associated with these batches, living through their moments of trials and tribulations, joys and ecstasies. I have seen them evolve, over the years of their education at IIHMR. This evolution has been facilitated through Summer Training, Dissertation and internships, Live Projects, and business incubators, which have filled them with confidence and have prepared them adequately for the corporate world. I believe that we have prepared them as responsible corporate citizens who understand the challenges of corporates and society at large.

Your organization would enable our students to realize their career potential and aspirations. I am confident that our students will, in turn contribute to the growth of your esteemed organization and make this association mutually enriching. On behalf of the IIHMR University, I invite you to participate in the campus placement process. We look forward to your presence and contribution towards shaping the future of our students.
