Introducing Quad AI School of Technology

MSU in partnership with Quad AI launches first-of-its-kind future skilled 4-year **Integrated B.Tech in Computer Science**. It teaches skills demanded by the industry by integrating new-age electives like Artificial Intelligence (AI), Machine Learning (ML), Web3 and others. It strictly follows courses which helps in placements and career building of the student.

Degree and Recognition

Medhavi Skills University in partnership with **Quad AI** runs a 4 year **Integrated B.Tech in Computer Science with AI and ML** to build the next generation of coders & innovators.

About MSU :
UGC recognized
leading skills
university

WISE (Work Integrated Skill-Based Higher Education) is an initiative by Medhavi Skills University (MSU) that combines industry-based training with academic programs, offering on-the-job training and apprenticeship opportunities, along with stipends, to empower students, enhance their employability, and bridge the gap between education and industry requirements.

STACKABLE DEGREE MODEL

Year 4 Integrated
B.Tech Degree

Year 3
BSc. Degree

Year 2
Diploma

Year 1
Certification

Students also get:
For the first time in India
industry ready certification by

Quad AI

✓ Industry recognised

✓ Credible and Sharable

Optional
Certifications
from

ORACLE

Microsoft

upGrad

* Students can parallelly, independently and optionally pursue certifications by IIT Patna. Admission to the programme is solely at the discretion of IIT Patna. Students will have to complete all requirements as set by IIT Patna.

Corporate Placements

Apart from regular classes, Quad AI organises multiple sessions with top 1% professionals from top corporates to get latest industry insights, & conduct resume building and interview preparation. Mentors also help students in getting cutting edge live-projects.

100 % Placement Assistance

To ensure that our students get multiple chance to secure job opportunities.

50+ Corporates Network

Providing one to one time for Resume building & Interview preparation.

Corporate Team

Dedicated team of corporate professionals to get best companies for the student.

Personality development

One subject every semester to ensure higher chances of corporate success.

Live Projects, Workshops & Internships

Corporate Competitions

Participate in Google Summer of Code (GSoC), ICPC and win prizes above 4 Lakhs with a chance to visit abroad.

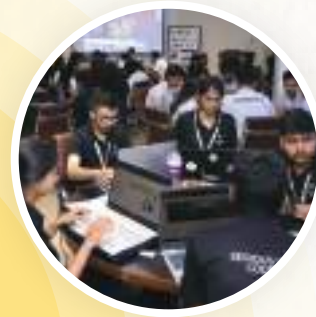

Internships

Dedicated team for paid internships

Hackathons

Brainstorm and collaborate together to create functioning softwares.

Workshops

Workshops by top corporates to help students learn new tech skills & stay up to date.

Startup Bihar

Pitch & get up to 10 Lakhs seed fund by the Govt. for your startup idea

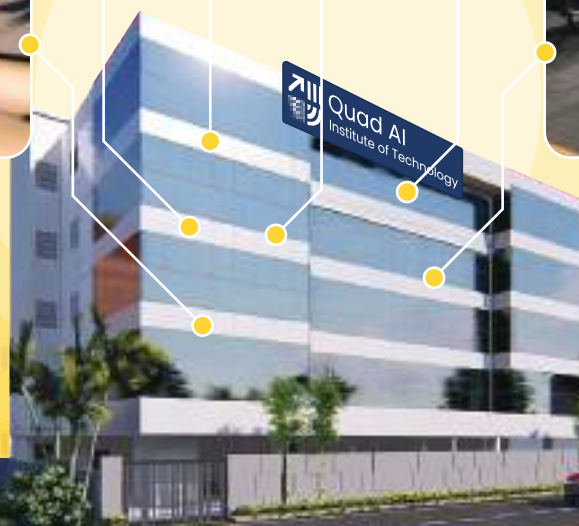

Live Projects

Solve real life problems of corporates by teaming together, coming up with ideas and implementing them.

Infrastructure

- Quad AI launches a 15,000 sqft. dedicated infra in the heart of Patna with state of the art labs across drones, robotics etc..
- Tie-up with safe and hygienic residential hostels.
- Gaming zone & cafeteria with healthy food to rejuvenate the mind.

* Photos are for illustrative purpose, permanent setup to have similar infra.

Life changing experience @ Quad AI

The Computer Science program is designed with 100% Employability focus in AI and ML. Every student strives to get a paid internship; with multiple live projects from top corporates to boost skills and stay up to date.

Personal mentorship

Customised guidance tailored to student's need.

Masterclass by CEOs & CXOs

Learn from 100+ tech leaders to gain insights into the realm of innovation.

Tech Labs

Hands-on tech labs in Drones, Robotics & AI

Soft skills development

Every semester to have at least 1 course on personality development.

Industry 5.0 subject

Study Data analytics, AI, ML, Web 3.0 and other future proof subjects.

Programme with built-in income

Students to start earning from 2nd year itself via live projects.

Scholarships

Multiple scholarship options to ensure that good talent gets the deserved seat.

#startupindia

IIT alumni | IIM alumni

Recognised by

Multiple government and private bodies including Start Up India. Quad AI is an initiative by IIT & IIM alumni.

Student-led Clubs

Our learning isn't just limited to classrooms.

Our students have access to all opportunities essential to become a well-rounded and high-functioning individual. We have several activities and clubs for them to participate

Programming Club

This club prepares students to participate and win programming competitions and hackathons like Google Summer of Code and others.

AI Club

Beware! This group knows what's happening in AI globally. It researches on latest AI tools and softwares; and makes the entire student group stay ahead of the curve.

Careers club

Greet members of this group with respect if you want to increase your chances of a successful career. This group searches on job openings, opportunities and spreads awareness in the batch.

Entrepreneurship Club

They sit on the other side of the table during placements. They ignite the passion for entrepreneurship amongst students, train them on how to start their 0 to 1 journey.

Media Club

Lights! Camera! Action. Media club takes care of Media and PR of their personal self and of the institute. Trains students on how to grow their digital foot print.

Communication Club

Effective communication is the first step to success. This club ensures that students work on developing their communication skills.

Cultural Club

Be it Ganesh Chaturthi or Christmas, This club takes care of everything. It organises cultural events through out the year.

Unique 4 Year Curriculum

- Curriculum has been meticulously curated by IITians.
- Study Computer Science, with integrated AI, ML and Web 3.0.
- Removed all non-relevant, outdated subjects.

Year 1

Learn fundamentals

Be able to develop websites & understand programming.

Year 2

Build on fundamentals

Develop high end, algorithm based interactive web apps.

Year 3

Experience paid internship & discover your area of interest

Analyse business case problems & solve real-life case studies via technology.

Year 4

Specialise in your area of interest

Become a master of your choice of field.

Foundation	Specialization
Introduction to Programming	Data Visualization and Analysis Using PowerBI/Tableau + Excel/Spreadsheets
Front End UI/UX development	Python Libraries
Computer Systems and Their Fundamentals	Probability & Applied Statistics
Relational Databases	Data Science Fundamentals
Mathematics for Computer Science	Product Analytics
Design and Analysis of Algorithms	Capstone Project (Data Science)
Frontend Development	Math for Machine Learning
Data Structures	Neural Networks
Backend Development	Computer Vision
DevOps	Natural Language Processing
Advanced Algorithms	Machine Learning Ops
Product Management for Software Engineers	Capstone Project (Machine Learning)
Applied Computer Science (Capstone Project)	Capstone Project - I
	Capstone Project - II

Quad AI Unfair Advantage

Quad AI

Other Programs

	Quad AI	Other Programs
Faculty	Top Software Engineers	No Industry Experience
Curriculum	Industry-recommended	Outdated
Projects	50+ Real-world Applications	Outdated
Degree	Integrated B.Tech in CS with AI & ML by MSU	General B.Sc
Masterclasses	From CEOs/CXOs	Negligible
Mentorship	From Top Software Engineers	-
Industry 5.0 Clubs	To make you future-ready	-
Career Readiness	Ready for a high-paying job	Not ready for a job
Placements	Dedicated professional team	Only a few Companies
Job Offers	Specialist Roles	Entry-level
Classrooms	New-Age	Old-fashioned
Personality grooming	Yes. 1 course in every semester	No provision
Salary Negotiation with Companies	For higher salaries	-
Paid internship	Yes	Limited / No help from institute
Tech Labs	State of the art	Very Basic / Out-dated lab

Industry Ready Approach to Computer Science

The next 10 years will see 9 crore new jobs for software engineers* alone. Every year 10 lakh students apply for CS at top IITs, but only 500 seats are available. Highly skilled software engineers are in very high demand and will continue to be. Unfortunately, the existing curriculum is not enough to get a job, let alone build a career.

How to get started?

Be ready with your basic details and your academic performance scores.
Visit: www.quadcse.com

1

Fill out the application form online

Be ready with your basic details and your academic performance scores.

2

Wait for call back

Our engineering counselling expert will give you a call back to understand about your requirement and explain about the course in detail.

3

Schedule & complete Quad's scholarship test

Complete a 60 minutes online quiz testing maths, science and basic english. Along with few mind games.

4

Schedule your complete online personal interview

We do believe everyone has a unique story. Schedule and complete your one on one Personal Interview round with one of our IITian mentor.

5

Selection and Scholarship result

The team will get back to you within 7 working days with scholarship being offered (if any) and your selection confirmation.

6

Fill the form & block your seat

If selected you can block your seat by filling up the complete form on MSU portal and by paying the deposit fees.

Fee Structure and Scholarship

Year	Admission Fee	Software dev. charges + Experiential learning charges + Examination charges		Tuition Fee	
Year 1	₹ 5000/-	₹ 60,000/-	₹ 22,000/-	₹ 3,00,000/-	₹ 1,40,000/-
Year 2	-	₹ 60,000/-	₹ 24,000/-	₹ 3,05,000/-	₹ 1,45,000/-
Year 3	-	₹ 60,000/-	₹ 25,000/-	₹ 3,10,000/-	₹ 1,55,000/-
Year 4	-	₹ 60,000/-	₹ 26,000/-	₹ 3,15,000/-	₹ 1,60,000/-

Financing options

We offer easy financing options in collaboration with our banking partners. If student loan assistance is desired, our counselling team can connect you with financial service providers.

Scholarship

We believe education should be for everyone. Financial constraints should never be hindrance to someone's academic aspirations. We offer large number of scholarships including:

Quad women in Tech scholarship: With up to **50%** scholarship for women.

First mover's Tech scholarship: Get up to 50% scholarship for first 100 students.

Udaan scholarship: For meritorious students for top 10 percentile Quad exam scorers.

JP Narayan scholarship: For change makers, basis **1-to-1 personal interview**.
